BTEC's tried and trusted learn-by-doing approach means your learners:

Build
knowledge

- ✓ Cover **vital industry knowledge** employers say learners need within mandatory units.
- ✓ Specialise with optional units (where applicable).
- ✓ Draw on and apply all their learning to a real-life situation in the synoptic final unit.

Master
skills

- ✓ Focus on developing competency in **key sector skills**.
- ✓ Must achieve at least a Pass in every unit so they're confident they've mastered the basics they need to succeed.

Learn from
professionals

- ✓ Explore **essential professional behaviours** for the workplace.
- ✓ Have plenty of opportunities to engage with local employers, workplace-based activities, guest lectures and have practitioners setting and marking assignments.

Apply in
practice

- ✓ **Showcase what they know and can do** in different types of assessments based on real-life scenarios.
- ✓ Have evidence of applying what they know to tasks they'll tackle every day in their chosen career.

Assessment

The combination of assessment types for BTEC Level 2 Technicals means your learners can draw on and apply all their knowledge and skills to realistic time-based tasks they'll also encounter in the workplace.

Assignments

Set and marked by you (internal assessment)

- The well-known BTEC assessment style.
- Resubmission of evidence (to improve grade) may be allowed within 15 days of learners receiving their original grade.
- If a submission or resubmission is not passed, one retake of a new assignment capped at Pass level may be allowed.

Task

Set and marked by Pearson (external assessment)

- Completed in controlled conditions with on-screen on demand tests.
- One resit is allowed.

Note: Assessments will vary for each course. See your specifications for more assessment details.

Grading

A learner's final grade reflects their achievements across all units in their BTEC Level 2 Technical course.

- Every unit is individually graded as Pass, Merit or Distinction and this grade is then converted to a point score.
- The total points scored across all units make up the final qualification grade.
- To achieve an overall qualification grade, learners must gain at least a Pass grade in all units.

This means that tutors and employers can be confident that learners have understood and mastered the key technical and transferable skills, and industry knowledge to progress with their next steps.

Example of qualification grade calculation for BTEC Level 2 Technicals

Certificate	
Grade	Points threshold
P	64
M	88
D	112

Calculation of qualification grade table

Unit	GLH	Type	Grade	Points
1	60	External	Merit	24
2	60	Internal	Merit	24
3	60	Internal	Distinction	32
4	60	Internal	Distinction	32
	240		D	112

Example

The learner has sufficient points for a DD grade.

Grade calculation valuations will vary for each course. See your specifications for more details.
