- Critical understanding demonstrates emerging competence, and the experimentation of media is appropriate to personal intentions.
- Annotation is predictable and does support the visual development of ideas.
- The candidate's realisation demonstrates a personal response and an understanding of visual language through the application of formal elements.

Craig Stephens

Craig Stephens was born in Sacramento, California in 1963. He grew up in the foothill town of Yuba City, attended American River College and later transferred to San Diego where he received his B.A. in 1986. In 1988, during his undergraduate years he won the privilege of having classes from Gary Hartung and Carlotta, David Hoffmann and Wayne Thibault. In 1990 Mr. Stephens began teaching high school art classes at Orange High School, Redlands, California. In 2000 he completed a small painting on a rusty steel beam, which he placed through Instagram. He has been the recipient of numerous awards and has been featured in various art magazines. He currently resides in Redlands, California with his wonderful wife and amazing children. His works can be found in private and corporate collections throughout North America and Europe.
