

Following the Ofqual review of external assessments for the Security suite we have made some changes to our multiple choice tests.

The number of questions for each level two paper (with the exception of Working as a Vehicle Immobiliser) will be increased from 20 to 30. This applies to both the QCF (Ofqual accredited for learners in England, Wales and NI) and SCQF (SQA accredited for learners in Scotland) versions.

The new tests will be uploaded to the microsite for paper-based tests and will become available onscreen on **28 February for QCF tests** and **28 March for SCQF tests**.

Please ensure the new test versions are downloaded and used from these dates onwards.
