Pearson Licensed
Higher Nationals
at a glance

What are Pearson Higher Nationals?

Pearson BTEC Higher Nationals (HNs) are UK and internationally recognised higher education qualifications designed to support progression into employment or further study including completing a degree.

Pearson BTEC Higher Nationals are available as Higher National Certificates (HNCs) at level 4 and Higher National Diplomas (HNDs) at level 5.

The HNC is equivalent to the first year of a full-time undergraduate degree and the HND to the first and second year of a full-time undergraduate degree.

On successful completion of level 5, students can progress onto level 6 and achieve a degree.

HNs may also be used as a component of Higher Apprenticeships with progression to Degree Apprenticeships, as well as other higher education courses.

Pearson

What is Pearson's Licensed Higher National offer?

The Pearson Licensed HN offer enables Higher Education Institutions (HEIs) in the United Kingdom or the European Economic Area (EEA)* to offer Higher National Qualifications under licence and use the Pearson trademark 'Higher National'.

Scope of the License:

- Two types of License Agreements on offer:
 - Trademark License (TM)
 - Intellectual Property License (IP)
- HN Qualifications and/or Higher Technical Qualifications at Level 4 and 5 only
- Can use the term 'Higher Nationals' but not 'BTEC'
- *EEA /International HEIs can only offer HN qualifications under the IP licence

Higher Technical Qualifications (HTQs)

- HTQs can **only** be offered in England under IP licence

Benefits of Pearson's Licensed Higher National Agreement

- ✓ Qualification(s) can be delivered unchanged under IP licence, or adapted to meet local needs under TM licence
- ✓ Qualifications recognised by industry and professional bodies
- ✓ You retain all aspects of Quality Assurance, including awarding and certification
- ✓ Seamless progression to Level 6-degree awards
- ✓ Aid widening participation and support levelling up agenda
- ✓ Strengthen partnership and collaboration with local colleges
- ✓ Aligns with Apprenticeship/ Employer standards and creates a strong progression pathway
- ✓ HTQs mapped to occupational standards

How does it work?

Your journey with Pearson's
Licensed Higher Nationals

New to Licensed Higher Nationals

Watch this video and read this guide.
Decide on the type of licence you want.

Application submission

Make your HN Licence
approval application
including programme approval.

Licence Agreement completed

Licence agreement to be
signed by both parties.

Approval meeting

The HN Licensed
Team will arrange an
approval meeting.

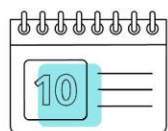

Application review

The HN Licensed
Team will review
your application.

Programme Review

Submit your schedules and
specifications for confirmation of
programme numbers & content.

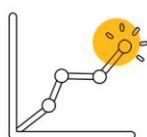

Customer onboarding

Familiarise yourself with
processes of registrations
and finance.

Registrations

Learner registrations
must be made within 4
weeks of enrolment.

Annual report

Submit the
Annual Institutional
Review Report.

Learner outcomes

Record learner
outcomes on
Edexcel Online.

Quality Assurance

HEI appoints their own
External Examiners & applies
their own QA processes.

Pre-Approval

Post approval

Success stories

Coventry University Aiding Social Mobility

Coventry University group, along with its partners, remain the largest HEI provider of Higher National qualifications in the UK.

The annual [State of the Nation 2017](#) report, published by the Social Mobility Commission, revealed a growing gulf between the country's major cities and areas that are being left behind economically and socially. It featured CU Scarborough as a case study to demonstrate how the Coventry University Group had opened a campus in an area that ranked poorly for social mobility and where there was previously little access to higher education.

Nottingham Trent University becomes first HEI partner to deliver HTQs

Nottingham Trent University becomes the trailblazer HEI to deliver Higher Technical Qualifications in England under Pearson's Higher National Licence.

"This partnership is a further example of our innovative approach to higher education and making education accessible to all. In support of the Government's levelling-up agenda and in preparation for the forthcoming Lifelong Loan Entitlement, these skills-based qualifications will give employers and our student community more options to access higher-level skills that directly transfer into the workplace and benefit the local economy".

- Professor Edward Peck, Vice-Chancellor at Nottingham Trent University
