Unit 6: Develop Set Ideas (6906) Unit 7: Produce Set Ideas (6907)

Moderation Summer 2011

Paper Reference

6906/01 6907/01

Briefing document for the Summative Project

There are no restrictions or set hours in which the projects must be carried out, but a minimum of 60 hours should be allowed for the Double Award Summative **Project**. For the **Single Award**, where only Unit 6 is covered, a **minimum of 30 hours** should be allowed.

Teacher guidance

The Summative Project serves two major purposes:

- It is the project for the delivery of the externally set units (Unit 6: Develop Set Ideas and Unit 7: Produce Set Ideas).
- It enables candidates to bring together the knowledge, skills and understanding they have acquired into one piece of vocationally focused work that shows their best achievement at AS level.

Delivering the Summative Project

- The brief for the AS externally set unit/s is available for centres to download from the Edexcel website in September. The Summative Project is intended to act as a normal assignment, **set in a clear and appropriate vocational context** that should be delivered in the centre in the usual way. Candidates should be taught and advised as with any other unit/s.
- The briefing document should be discussed with candidates. It should be emphasised that this is an important and sizeable project (covering two complete units in the Double Award).
- Candidates should carry out relevant research and development studies using visual language, appropriate combinations of formal elements and skills in working with materials, techniques and processes to develop and communicate their ideas.
- Candidates should work from primary visual research materials and make use
 of relevant secondary source material to inform and direct their projects. When
 considering the work of other artists, craftspersons or designers, candidates
 should concentrate on the use of visual language; the way in which media,
 materials and processes have been used and the meaning of work rather than
 historical or chronological background. The collection and presentation of
 unconsidered material from the internet, books, CD-Roms, etc. that does not
 contribute to the project work should be avoided.
- The evaluation of ideas should include critical analysis, a record of stages where work has been improved or refined and where a range of alternatives has been considered.
- There should be evidence of effective planning and project management. A
 Project Brief Outline must be completed and presented for each candidate.
 - Full information and guidance on the delivery of Units 6 and 7 is given in the Specification for the qualification. Issue 2 May 2009.

Instructions for the conduct of the Summative Project

Note: These instructions are for the AS GCE in Applied Art and Design.

- The Summative Project for AS GCE in Applied Art and Design is the *only* vehicle for the assessment of Unit 6: Develop Set Ideas and Unit 7: Produce Set Ideas.
- For AS Single Award the Summative Project will be assessed against Unit 6 only. For AS Double Award it is assessed against Units 6 and 7.
- Apart from this document there will be no examination paper for the Summative Project.
- Assessment will be carried out by teacher-assessors whose decisions will be subject
 to moderation by an Edexcel external moderator. All moderation will be carried out
 at centre visits and will take place at the same time as the moderation of the portfolio
 units in the summer moderation series.
- There are no restrictions on the size of work, the type of work or the quantity of work that is produced for this project. Learners may work using any medium, material or technique that is appropriate to the brief.
- There are no special conditions in which the work has to be carried out, as long as the final outcome for Unit 7 is completed in the centre, under staff supervision.
- Work for the Summative Project should be carried out in any suitable environment, such as a workshop, art room, darkroom, etc.
- A minimum of 60 hours should be allowed for the Double Award Summative
 Project and where only Unit 6 is covered, a minimum of 30 hours should be allowed.
 There are no time restrictions or set hours in which the projects must be carried
 out. The work for the Summative Project may be started at any time, but
 must be completed and assessed by the deadline for submission of marks for
 moderation.
- Following summative assessment by the centre the marks must be entered on the appropriate OPTEMS forms or online using EDI (Electronic Data Input) and returned to Edexcel by the published deadline.
- Preparatory work and finished work, together with research, development, notes, sketchbooks, workbooks and work journals, maquettes, models, trials and tests may all contribute to the project and should form the evidence for these units.
- Evidence assessed against these units must be produced to meet the requirements of the specific brief for the current year. However, the same evidence may be cross-referenced to address other (portfolio) units.
- Centres should note that these units are moderated in summer only, and that there is no January moderation series.

Assessment guidance

- Assessment must be recorded on the Assessment Grids supplied with this document one set of grids per candidate.
- Following summative assessment by the centre the marks must be entered on the appropriate OPTEMS form or online using EDI and returned to Edexcel by the published deadline.
- The centre must present a completed Project Brief Outline, completed
 Assessment Grids, and an Authentication Form for each candidate at the
 moderation visit.
- All work should be made available for moderation. This will include the outcomes and finished work, together with all preparatory research and development work. (Health and safety data, evaluations, critical references, correspondence, notes, sketchbooks, workbooks, maguettes, models, trials and tests).
- Centres should provide copies of the following documents for each candidate:

0	Project Brief Outline	page 12
0	Candidate Checklists	page 13
0	Assessment Grid for Unit 6	page 14/15
0	Assessment Grid for Unit 7	page 16/17
0	Authentication Form	page 18

Teacher-assessors are directed to the specification for full information and interpretation, including what candidates should learn and present as evidence and for guidance on the assessment of each unit.

Teacher-assessors are directed to the Mark Band Descriptors for each unit.

These can be found in the Specification. Issue 2 – May 2009.

Unit 6 Assessment guidance page 84 and 85 Unit 7 Assessment guidance page 94 and 95

These documents can also be found on the Edexcel website at www.edexcel.com

Administration

AS Double Award

The Summative Project combines Unit 6 and Unit 7. Both units are assessed on the basis of this externally set and internally assessed Summative Project.

Centres must assess the units using the Edexcel Assessment Grids supplied.

AS Single Award

Single Award candidates must take the AS Summative Project Unit 6 only. Centres must assess the unit using the Unit 6 Assessment Grid supplied.

Entering candidates for the AS Summative Project

Centres must enter their candidates for the units being taken in the externally set Summative Project.

Candidates must be entered separately for Unit 6 and Unit 7 even though they may produce work that provides integrated evidence across the two units.

Internal standardisation

Internal standardisation of marks must be carried out where there is more than one teacher-assessor or more than one teaching group.

External moderation

The centre assessment will be subject to external moderation by Edexcel. Moderation will be carried out during centre visits and will take place at the same time as moderation of the portfolio units in the summer term.

There is no moderation series in January.

Coursework units can be improved upon and resubmitted for assessment and moderation.

The theme for the externally assessed Summative Project changes each year.

Candidates wishing to resit Unit 6 or Unit 6 and 7 <u>must</u> work to the theme and briefing document for the Summative Project for the year in which they will submit work for assessment and moderation.

Further details regarding administration procedures can be found in the Edexcel Information Manual. This document is available from Examination Officers and the Edexcel website.

Applied Art and Design

Unit 6: Develop Set Ideas Unit 7: Produce Set Ideas

Moderation Summer 2011

Paper Reference 6906/01 6907/01

Centres should make a copy of this document available to each candidate

Candidate information for the Summative Project

Candidate name:	Candidate number:

The Theme for 2011 is 'Viewpoints – Points of View'

You should explore alternative ideas and interpretations related to the theme of 'Viewpoints – Points of View'.

Viewpoint:

• a position from which someone or something is observed.

Points of View:

• the mental attitude that determines a person's opinion, judgments or perspectives.

Ideas and background to the theme: 'Viewpoints - Points of View'

You may explore and respond to:

- Concern or interest with the physical and visual aspect of seeing.
- The different ways that individuals and societies interpret the world.
- The ability to 'see' the world differently that can be at the heart of creative and imaginative art, craft and design work.
- Stepping outside the normal and predictable is an important aspect of creativity.
- Seeing from another's point of view and being able to appreciate and understand their needs and desires. This is a characteristic of effective design and craftwork.

Possible lines of investigation or enquiry:

- From what different viewpoints might the world be seen? views from above or below, from close up, or from a distance, views through or between things that give rise to unusual or challenging compositions. You may create work that discovers and reveals the beautiful in the mundane and ordinary.
- You might investigate how techniques and technologies have changed creative visual work. Inventions such as geometric perspective, photography, film, digital media and image making have had considerable impacts on art and design. Technologies may present you with opportunities for new ways of working and seeing.
- Throughout history artists and designers have invented new forms of visual language that explore alternative ways of seeing and representing the world.
 The images and artefacts of non-western cultures have provided inspiration for many artists and designers allowing them to see beyond the conventions of their own experience. You may find that the study of such forms inspires you in the development of your own work.
- You could explore design ideas by identifying issues or problems that others face and devise solutions to these as the basis of a design or craft brief. You may choose to use visual communication in two or three dimensions to convey points of view about social, religious, cultural or political issues or contexts. Can you analyse, appreciate and understand the needs of others and take these into consideration in your design work?

 How does our mood or the feelings of others affect the kind of images or objects we make? We speak of 'seeing the world through rose-coloured glasses', or of 'looking on the black side or bright side of life'. Can you use visual language to convey and express your feelings about people, places, events and situations?
Your response to the theme of 'Viewpoints – Points of View' must link to your chosen Client and Approach. (See the Vocational Briefs clients list – Page 10 and Approaches – Page 11).

The Vocational Brief

You must work to a brief that has realistic constraints and gives you the opportunity to provide evidence for the assessment criteria.

Select one of the 'Clients' listed below to simulate a Vocational Brief. Each 'Client' is commissioning work from artists, craftspeople and designers on the theme of 'Viewpoints – Points of View'.

Clients – Select one client from this list

Regional Views

An organisation that promotes competitive commissions for artists, craftspeople and designers who wish to place their work in public or commercial settings. It specialises in site-specific projects in urban and rural landscapes and interesting or demanding interior spaces.

Horizon + 10

A progressive studio that undertakes a wide range of visual communication and advertising design for print, film/video and electronic media. Among its clients are publishers, television companies, industrial and commercial enterprises and public sector organisations.

Re-visions

A partnership that specialises in architectural, interior and industrial design projects. Its expertise ranges from providing 'bespoke designs' and design solutions for individual clients to regeneration and development schemes for corporations and local authorities.

Glancing sideways

A group that produces innovative and stylish products exploiting traditional and experimental uses of materials and new technologies. They work for industrial and commercial customers and make 'tailor made' objects and design solutions for individual clients.

Changes for the better

A group of practitioners whose work targets functional and/or decorative products for individuals and interiors that convey a sense of style and panache (fashion and accessories, body adornment, objects and spaces for commercial, industrial/business and domestic interiors).

Perspectives on Craft

An organisation that promotes excellence and originality in traditional and contemporary crafts sourced from the UK and around the world. It has a network of galleries and retail outlets that reflect local, regional and international developments in art, design and craft.

Live brief

An opportunity may arise for you to work with an actual client. If this is the case, you must provide a detailed and specific brief in response to the theme.

Approaches

- Concern with the subject matter, media, materials and processes; the use of 2D and/ or 3D visual language or the expression of personal feelings or opinions.
 Possible outcomes: painting, printmaking, sculpture, installation, photography, film, multimedia or mixed media work.
- Visual communication of ideas, opinion, information, feelings or mood and atmosphere.
 Possible outcomes: 2D or 3D design, use of typography and/or images, layout, corporate identity, symbols, logos, stationery, vehicle livery, advertising, illustration, posters, leaflets, packaging, promotional animation or interactive/multimedia products.
- Narrative imagery visual storytelling.
 Possible outcomes: illustration, printmaking, storyboard sequence, film, animation, photographic essay, figurative painting.
- Work which exploits the characteristics and properties of traditional and non-traditional media and materials including ceramics, wood, metal, plastics, glass, fabrics, textiles, etc. either separately or in combination.

 Possible outcomes: sculpture, 3D structures, painting, collage, mixed media work.
- Work which explores the decorative potential of visual language, materials and techniques.
 Possible outcomes: jewellery, ceramics, textiles, surface pattern design, weaving, constructed textiles, fashion, fashion accessories.
- Design and problem solving in 2D and 3D dealing with functional objects or the design and use of spaces and environments. Design or craftwork which has a problem solving intention and functional outcome.

 Possible outcomes: product design, functional ceramics, furniture, display, set or interior design, fashion/garment design.

This list of outcomes provides you with suggestions but is not definitive.

Formulate a proposal that considers the vocational context and the relevant constraints and requirements of your client. Use the Project Brief Outline to record this information.

You must consider the use of appropriate media, materials and processes and the scale or size that you wish to make your work.

Che	cklist for Unit 6
	Analyse the brief and identify your intended response.
	Record, analyse and respond to primary source material.
	Record, analyse and respond to secondary source material.
	Record, research and comment on others' use of visual language.
	Research and develop annotated visual ideas using combinations of formal elements.
	Develop ideas to prototype showing safe use of materials, techniques and processes.
	Show ongoing annotation that records and evaluates the development of your ideas.
	Make an effective presentation of your project by carefully selecting work that demonstrates your thinking, the development of your ideas and your decision-making.
Che	cklist for Unit 7
	Make a project plan and monitor how you manage your project as it progresses.
	Use specialist materials, techniques and processes to produce a final outcome.
	Evaluate your response to the brief considering its fitness for purpose.
	Analyse the technical and aesthetic aspects of your final outcome, either in writing, at a recorded oral presentation or some other appropriate form.
	Present your work in an appropriate form as if to a client.

Unit 6: Develop Set Ideas

ESA Summative Project (a)

Edexcel Advanced GCE in Applied Art and Design

Assessment Evidence
A portfolio of evidence which demonstrates planning, research and the development of ideas to a prototype stage. Assessment evidence may include:

- research and generation of ideas
- investigation of appropriate media, materials and processes

development of skills through application exploration and development of ideas

use of visual language.

Your work must include evidence of:

- the ability to research and analyse primary and secondary sources
- the ability to develop visual idea to prototype, using skills in materials, techniques and processes
- evaluation.

the ability to generate a range of visual ideas, formal elements,

materials, techniques and processes

Unit 7: Produce Set Ideas

ESA Summative Project (a)

Edexcel Advanced GCE in Applied Art and Design

Assessment Evidence
A portfolio of evidence and a final outcome, which demonstrates your understanding of skills in using media, materials, techniques and processes. The portfolio may consist of:

plans, samples, trials and appropriate annotations

presentation and evaluation of final outcome.

- Your work must include evidence of:
- a planning to produce a final outcome
- presenting and evaluating the final outcome.

b use of specialist materials, techniques and processes to produce a final outcome
