GCE Applied Business (6927)
Paper 01

Edexcel is one of the leading examining and awarding bodies in the UK and throughout the world. We provide a wide range of qualifications including academic, vocational, occupational and specific programmes for employers.

Through a network of UK and overseas offices, Edexcel's centres receive the support they need to help them deliver their education and training programmes to learners.

For further information, please call our GCE line on 0844 576 0025, our GCSE team on 0844 576 0027, or visit our website at www.edexcel.com.

If you have any subject specific questions about the content of this Moderators' Report that require the help of a subject specialist, you may find our **Ask The Expert** email service helpful.

Ask The Expert can be accessed online at the following link:
<http://www.edexcel.com/Aboutus/contact-us/>

Alternatively, you can contact our [Business Studies] Advisor directly by sending an email to [Business Studies specialist] on BusinessSubjectAdvisor@EdexcelExperts.co.uk.

You can also telephone 0844 372 2187 to speak to a member of our subject advisor team.

International Dimensions Of Business

To successfully achieve this unit, learners need to demonstrate an appropriate level of understanding and application of knowledge across the full range and scope of the unit outcomes, in particular the unit assessment outcomes/criteria, the specific AO's, and the mark band (MB) distributions (Applied Business Awards Specifications 2010 Pages 126 to 127). In as much as learners need to show a clear understanding of the subject and the practical application of the unit requirements from a balanced contribution across the four knowledge/applications Strands, the related AO's and marking criteria bands.

Therefore, in relation to the Unit specifications (p123 and 134) learners should:

- Explain the impact and opportunities created for businesses in international context.
- Present relevant and up-to-date information, from a range of sources, on the factors influencing the establishment of an international presence.
- Perform an investigation into the chosen (international) businesses.
- Identify the advantages and disadvantages in the growth potential for a business supported by international organisations.

- Prioritise evidence and show judgement in the selection and presentation of findings
- Present exemplar material appropriate to support their conclusions
- Explain the strengths and weaknesses in all aspects of creating/developing a presence as offered to a business within an international context.
- Examine the opportunities and challenges offered by global business
- Explore and present conclusions and outcomes, reflecting the positive and negative aspects for Host countries, international organisations and businesses operating in an international environment.
- QWC is assessed within strand (a).

For strand (a), Two businesses should be identified, they should have differing international/global activity (one EU and the other Global is suggested in the unit specification) this would provide variety, comparison and variation.

The type(s) of the business selected is significant for the potential achievement of the higher band.

The QWC marks awarded for this unit (out of three) should be identified within the assessment of this strand and be clearly recorded on the assessment marks sheets.

The research material and examples of the factors that influence a business in creating an international presence should be sufficient in volume, quality and appropriateness to fulfil MB2/3.

The selection of International Organisation (IO) and the effect they can have on a business are covered generically, with more on what the IOs is, than what it does in detail, for MB2/3 candidates need to show clearly the link and relevance, between specific IOs selected and the business under discussion.

Candidates demonstrated a general understand of the issues relating to the growth in Global/Multi National Corporations(MNC), in terms of GDP and consumer impact, further consideration of the wider socio-economic and environmental aspects on the Host country could have been included..

Authentication

Centres should include evidence to confirm originality of learner work, the counter signature of the Assessment Marking Forms by tutors is critical in this process.

Standardisation

Consistent marking was evident however, in assessing higher grade performance, assessors need to consider the depth, scope and quality of examples and quality the material used and its application in context to award the higher MB3 marks.

Enhancing Assessment

Clearer identification of QWC assessment should be included within the marking of strand (a) where the three marks maximum should be identified out of the total of 15 marks available.

It would be of value to encourage candidates to select the chosen business for strand (b) from those used in strand (a), this would provide a base for material research, and be supplemental to that collected for stand (a).

Centres should ensure, when assessing for the higher mark bands across these stands that clear evidence of explanation, critique and analysis of how/why the businesses would consider having global presence.

For a Strand (c) higher grade performance, more detailed analysis and consideration of the wider range of influences, from a business perspective, offered by an International Organisations is required, the choice of IOs to discuss should be of those most relevant to the business of choice.

Strand (d), candidates should consider looking beyond the financial and consumer/customer impact on the host country, into the socio-economic, suppliers, distribution and environmental aspects.

Grade Boundaries

Grade boundaries for this and all other papers can be found on the website on this link:
