Resit rules for 2015 AS and A levels

2015 AS and A levels are linear qualifications.

AS

Students wishing to resit can do so for the first time in summer 2018. They will need to resit all of the components. Use the usual entry code by February 21 2018 (8EN0, 8EL0, 8ET0).

A level

Students wishing to resit can do so for the first time in summer 2018. They will need to resit all of the **examined components**. If they wish to resit all components (examined and the non-examination assessment), you use the usual entry code by February 21 2018 (9EN0, 9EL0, 9ET0).

If students wish to carry forward their non-examination assessment (NEA, coursework) result, you use the 'transfer' entry codes (9EN0 T, 9EL0 T, 9ET0 T). Our systems will then 'draw through' their NEA result from summer 2017. There is no requirement to resend the student's work or to re-enter the NEA marks on Edexcel Online at sample submission time on 15 May 2018.

Students resitting the full qualification must submit new work for the non-examination assessment. In the case of English Literature or English Language and Literature, they may use the same texts. New tasks are required.
