### Free access to scripts service

From **14 August 2025** until **12 December 2025**, you will be able to view and download scripts which have been marked online free of charge using our [Access to Scripts](#) service.

The Portal can only be accessed by Edexcel Online users who have the *Exam Viewer* profile ticked on Edexcel Online. Exams officers give teachers access to *Exam Viewer*.

As exams are summative, rather than formative assessments, scripts do not generally have examiner annotation on them. The marked script allows teachers to evaluate how the student performed on particular questions in relation to what they have been taught; the Examiners' report and the exemplars that we make available demonstrate how the mark scheme is applied.

If scripts have been marked 'traditionally' (i.e. not online), you will need to request them, free of charge, by **12 December 2025**, via the *Post Results* section of Edexcel Online. This includes scripts that have been word-processed, or which have had additional sheets added to the answer booklet.

### Candidate consent

Candidate consent is required before requesting script copies, as per section 4.2 of the JCQ's [Post-results services guide](#). **Candidate consent can only be obtained after results have been published.**

## Understanding grade boundaries: scaling on A levels

The raw mark total (that achieved by adding together the marks available for each component as listed in the specification) for most A level and 1 AS component is different to the subject mark total. The raw marks for each component need to be scaled and then added together to achieve the subject mark. The notional, paper level grade boundaries reflect the unscaled totals. There is full guidance [here](#) as well as a [component scaling calculator](#). Please click into the calculator in the 'subject' and 'qualification boxes' (once downloaded) to change to the A level you require.

## Individual moderator reports for A level coursework (NEA)

From results day you can download centre-specific moderator feedback for your coursework components:

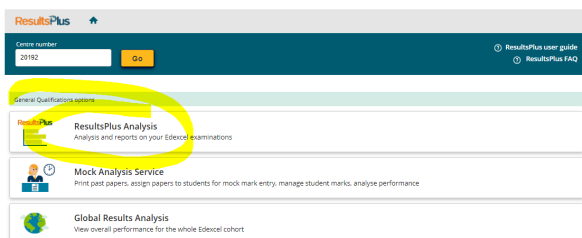

- Log in to [Edexcel Online](#). If you've forgotten your password you can generate a reminder by selecting 'forgot password'
- Click on 'home'.
- Select 'GCE' from the qualification drop down on the left.
- Hover over 'Results' and select 'Moderator Reports'
- Select 'June 2025' from the 'Select a Session' dropdown.
- Select your A level coursework component from the subject dropdown.
- 'Moderator Report' will self-select.
- Click 'submit'.
- Your moderator's report will appear in your Edexcel Online mailbox within 30 minutes.

This [video](#) shows you how.

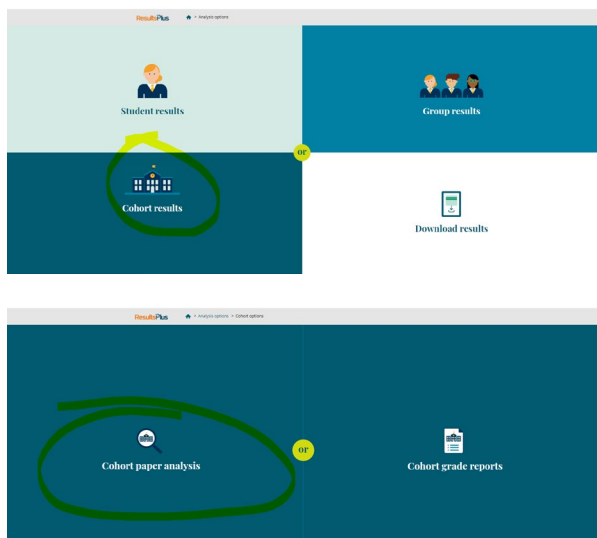

## Moderators' reports

You can also download the general moderators' reports (for all centres) from [ResultsPlus](#) on results day (or wait until 20 August and download it from the qualification page for each A level):

1. Go to [ResultsPlus](#) and sign in using your Edexcel Online username and password. If you've forgotten your password you can generate a reminder from [Edexcel Online](#).
2. Once you are logged in under your centre, select '**ResultsPlus Analysis**'.

3. Then select '**Cohort results**' followed by '**Cohort paper analysis**'.

4. Select '**GCE**' and '**June 2025**', followed by the relevant subject and '**View paper analysis**' for your coursework component. Because it is an internally assessed unit there will not be any paper analysis available, but if you select '**Exam docs**' you will find the Moderators' Report for that component.

- View your students' scripts using the free access to scripts service.
- Log in to [ResultsPlus](#) to see how your students have performed on every question and compare their performance to the national average.
- If you're still unhappy with your students' results, you may apply for a review of marking via our post-results services. You can [access guidance on everything you need to know about results day and post-results services](#).

## Post-results services deadlines

The summer 2025 post-results services deadlines are listed below and are also available on our [support pages](#).

### **How to apply for post-results services**

Please speak to your exams officer if you wish to proceed with a review of marking. Exams officers should contact their Centre Account Specialist on 0344 463 2535 if they require guidance, [read this guidance](#), or view this [video](#). All applications for reviews of marking must be submitted through [Edexcel Online](#).

### **Why are reviews of marking results sometimes received very quickly?**

Senior examiners who carry out reviews of marking are re-trained prior to commencing reviews. As soon as you submit a request for a review of marking on Edexcel Online, the script is sent to the allocated senior examiner electronically. If they are sitting at their desk, they could receive the script and start reviewing it within minutes of your request.

### **Understanding more about the quality and accuracy of marking**

Please have a look at [this webpage](#) if you'd like to find out more about how we ensure that our marking is fair and accurate.

### **Appeals**

If you are dissatisfied with the outcome of a review of marking, you may wish to appeal against the decision. We will allow the head of centre (or designated member of the centre's senior management team or examinations manager) 30 calendar days from the receipt of the outcome to lodge an appeal against a RoMM decision. [Appeals should be submitted using the appeals webform](#).

[View further guidance](#) on appeals.

### **Certificates**

These will be issued by November 2025.

## **Exam insights training and exemplars**
