Another local club has decided to try to achieve the Quest quality system. The club has prepared documentation for the assessor to view. It consists of the following:

- staff training records
- minutes of review meetings with individual staff members
- customer feedback forms
- sports equipment maintenance records
- records of money and time spent on staff learning and development.

(c) Select **two** pieces of documentation from the list above that would be required by a Quest assessor but **not** an Investors in People assessor. Give a reason for each of your choices.

Barnston FC's season tickets went on sale in May. In order to boost sales, supporters are offered a choice of ways to pay. They can pay by a single payment or by direct debit over a number of months. The costs for a ticket for the main stand are as follows:

- a single payment by debit card or credit card of £400. Payment by credit card will be subject to an additional charge of 2%
- ten monthly payments by direct debit of £45.

(b) (i) Calculate the cost to the supporter of buying a season ticket using each of the following methods:

Barnston FC's pitch is poorly drained and four home matches had to be postponed last season. The management team are considering replacing it with an artificial pitch, but some of them are worried. They do not know whether they can afford it or whether it would be ready for the start of next season. The club secretary thinks it is a good idea as it should prevent any future postponements. A local hockey club, which is looking for somewhere to train, has shown interest in hiring it. Unlike a grass pitch, extra use will not damage the artificial pitch.

- (c) (i) Evaluate the importance of the club undertaking a feasibility study before making a decision whether to install an artificial pitch.
