Paper 1: Markets and Business

Behaviour

Tuesday 6 June 2017 – Afternoon

Time: 2 hours plus your additional time allowance.

In the boxes below, write your name, centre number and candidate number.

Surname					
Other names					
Centre Number					
Candidate Number					

Y51919A

You do not need any other materials.

YOU WILL BE GIVEN

Data Book

INSTRUCTIONS

There are three sections in this question paper. Answer ALL questions from Section A and Section B.

Answer ONE question from Section C.

Answer the questions in the spaces provided in this Question Paper or in the Data Book – there may be more space than you need.

Turn over

INFORMATION

The total mark for this paper is 100

The marks for EACH question are shown in brackets – use this as a guide as to how much time to spend on each question.

Calculators may be used.

ADVICE

Read each question carefully before you start to answer it.

Check your answers if you have time at the end.

SECTION A

Answer ALL questions. Write your answers in the spaces provided.

Some questions are multiple choice. Write the letter(s) of your chosen answer(s) in the box(es) provided.

You are advised to spend 30 minutes plus some of your additional time allowance on this section.

Use the data to support your answers where relevant. You may annotate and include diagrams in your answers.

Turn over

- 1. Refer to the table for Question 1 in the Data Book. It shows market data for e–cigarette kits. The original equilibrium price is £23**

As a result of a successful advertising campaign, demand increased by 3 000 e–cigarette kits at all prices. At the same time production costs fell leading to an increase in supply of 1 000 e–cigarette kits at all prices.

(continued on the next page)

1. continued.

(a) Calculate the new equilibrium price and quantity following the successful advertising campaign and the fall in production costs. Use the last two columns for your working.

(4 marks)

Answer lines continue on the next page.

Turn over

1. (a) continued.
