## Recording Task

Produce a stereo mix of one song by one artist from the list of 10 that meets the instrumental requirements listed below. Your choice of song must be taken from a commercial studio recording on which the artist is credited.

Your recording must demonstrate competencies in capture of sound and use of EQ, dynamic processing, effects, stereo, balance and blend.

Your recording must last between 3 and 3½ minutes.

Your recording must meet the following instrumentation requirements:

Instrumentation requirements	
Compulsory audio instruments	Additional audio instruments
You must record all the instruments in this list.	You must record at least two different instruments from this list.
The total playing time for each must be no less than 2 minutes.	The total playing time for each must be no less than 1 minute.
Drum kit recorded with a minimum of 4 microphones	Acoustic melody instrument
Bass guitar or double bass	Acoustic guitar
Electric guitar	Keyboard
Lead vocal	
Backing vocal	
Additional instances of any of the instruments listed above may be used in the recording, if appropriate to the instrumentation of the chosen song, e.g. additional guitar and/or keyboard part.	
Additional unpitched percussion instruments (including electronic percussion) must not be included in the recording.	
You may capture keyboard instruments using microphones, DI, or plug-in virtual instruments. It is not acceptable to use plug-in virtual instruments to replace any of the other instruments; this includes drum replacement software and other virtual instrument player software.	

**List of 10 Artists**  
**You must choose one song from**  
**one artist in the following list**

Gloria Gaynor  
David Gray  
Kaiser Chiefs  
Bruno Mars  
Alanis Morissette  
Mumford & Sons  
Katy Perry  
Republica  
Diana Ross  
The Who

You must:

- ensure the recording is free from distortion and noise
- use contemporary production techniques for stereo
- use EQ that reflects contemporary standards of clarity.

You may use any of the following techniques as appropriate:

- drop-ins/overdubs
- double tracking
- compiling complete performances from several takes
- sequencing of virtual instruments or live recording to capture keyboards
- editing of timing or pitch.

In order to meet the specification requirements you may:

- replicate the instrumentation as performed on the original stimulus or adapt the performances to suit your chosen instruments
- adapt the song to fade or finish after 3 and before 3½ minutes.

You must not use looping techniques to construct tracks from short sections of audio or MIDI. However, it is acceptable to correct occasional performance mistakes using short sections of audio from elsewhere in the song.

You must be in sole charge of the recording process from capture of audio to mixdown. Sharing of audio files between candidates is not permitted.

**You must submit your recording digitally in the format detailed in the Administrative Support Guide, found on the Pearson website.**
