Dear Toby

Letter of support for the Pearson *BTEC level 2 Technical Diploma in Digital Games Production*

I am writing to you to confirm that TIGA, the trade association representing the games industry and a professional body in the sector, recognises the following qualification as being fit for purpose:

Pearson *BTEC level 2 Technical Diploma in Digital Games Production*

TIGA confirms that this qualification will provide learners with an understanding of the specialist knowledge needed in the games industry. It will also give them the opportunities to develop the skills and behaviours that employers in the industry are looking for.

The qualification ensures that the learner can demonstrate relevant skills, behaviours and knowledge to progress to employment in job roles including that of Games Testers.

Above all, the qualification will support the individual should they chose to progress into further training, via a level 3 qualification or an apprenticeship' and ultimately to degree level, and is a good preparation for either progression route.

Yours sincerely

Dr Richard Wilson
CEO of TIGA
