Dear Lisa

Letter of support for the Pearson BTEC Level 2 Technical Certificate for Warehouse Operatives

As an employer in the logistics sector, we recognise the following qualification as being fit for purpose:

Pearson BTEC Level 2 Technical Certificate for Warehouse Operatives

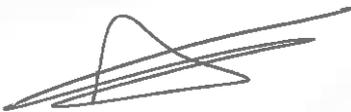

We confirm that this qualification will provide learners with the specialist knowledge, and will give them the opportunities to develop the skills and behaviours that employers in the industry are looking for.

The qualification ensures that the learners can demonstrate relevant skills, behaviours and knowledge of warehousing in logistics to progress into employment in job roles including:

- Warehouse Operative
- Stock Control/Replenishment Assistant
- Stores Assistant

The qualification will also support the individual should they chose to progress into further training via a level 3 qualification or an apprenticeship. The qualification is good preparation for either progression route.

Yours sincerely

Angelina Miley
HR Director
