

BTEC First Award in Information and Creative Technology

Following feedback, we've proposed some changes to meet the government's criteria for inclusion on performance tables (2019 results). We should receive a response from the DfE during summer 2017, and we'll keep you updated.

In the meantime, here's a summary of the changes, so you can see which units are affected.

These changes only apply to the Award size – all other sizes remain the same.
