

New structure

Edexcel BTEC Level 2 Extended Certificate in Construction

Ofqual have agreed amendments to the structure of the Edexcel BTEC Level 2 Extended Certificate in Construction so that it incorporates all the optional units from the Edexcel BTEC Level 2 Diploma in Construction as shown below. The rules of combination remain unchanged.

The Edexcel BTEC Level 2 Extended Certificate in Construction is a 30-credit and 180-guided-learning-hour qualification (GLH) that consists of two mandatory units plus optional units that provide for a combined total of 30 credits (where at least 16 credits must be at Level 2 or above).

| Edexcel BTEC Level 2 Extended Certificate in Construction | | | |
|---|---|--------|-------|
| Unit | Mandatory units | Credit | Level |
