Dear Adam

Letter of recognition for the Pearson BTEC Level 1/ Level 2 Extended Certificate and Diploma in Engineering

As an employer in the sector, we recognise the following qualification as being fit for purpose and appropriate for our future employees to undertake:

- 601/0545/8 *Pearson BTEC Level 1/Level 2 First Diploma in Engineering*
- 600/6630/1 *Pearson BTEC Level 1/Level 2 First Extended Certificate in Engineering*

More specifically, for our entry level roles we expect our employees to be occupational competent and we can confirm that this qualification provides the right level of competence, meeting the needs of our business and the employee.

For this reason, we value the qualification and see it as important to our business to ensure our employees in this role are appropriately skilled for the job and able to deliver to the standard that we expect.

The qualification will also support the employee, should they chose to progress in to further training, to assist them with their own development and progression in the workplace, into roles working on design solutions for cutting edge technologies.

We are happy for Pearson to use this letter in support of its work with the Skills Funding Agency, to ensure that this invaluable qualification can continue to be funded.

Yours sincerely

Brenda Yearsley
School and Education Development Manager
