Dear Adam,

Letter of recognition for the Pearson BTEC Level 1/ Level 2 Extended Certificate and Diploma in Engineering

As an employer in the sector, we recognise the benefit of individuals taking the following qualifications as being fit for purpose and appropriate as preparation for our engineering apprenticeship scheme:

- *601/0545/8 Pearson BTEC Level 1/Level 2 First Diploma in Engineering*
- *600/6630/1 Pearson BTEC Level 1/Level 2 First Extended Certificate in Engineering*

More specifically, for the role of an engineering apprenticeship having already achieved these qualifications would provide the right level of competence to progress through our advanced apprenticeship scheme, meeting the needs of our business and the employee.

For this reason, we value the qualification and see it as important to our business to ensure new employees are appropriately skilled on entry for the job, have prior knowledge of their apprenticeship discipline and are able to progress at a far greater rate towards the standard that we expect.

We are happy for Pearson to use this letter in support of its work with the Skills Funding Agency, to ensure that this invaluable qualification can continue to be funded.

Yours sincerely,

M. A. Hood
HR Director
