Pearson BTEC Level 1/Level 2 First Certificate in Travel and Tourism
First Teaching January 2013

Qualification Number (QN): 600/7046/8
Specification (publication code BF033509)

This specification is now Issue 2. There was an error in the previous version of the specification which stated the incorrect number of optional specialist units required for the Pearson BTEC Level 1/Level 2 First Certificate in Travel and Tourism.

In the specification document, Section 3 Pearson BTEC Level 1/Level 2 First Certificate in Travel and Tourism (page 9) should state:

“This qualification includes two mandatory units as well as **four** from a choice of six optional specialist units”

This change is sidelined on page 9 in issue 2 of the specification document which can be found on our website.
