About the Institute of Public Accountants

The Institute of Public Accountants (IPA) is one of Australia's oldest representative professional bodies, formed over 90 years ago. Commencing operations in 1923, their evolution has seen them grow to their current position with over 37,000 students and members in more than 90 countries worldwide.

IPA is one of three professional accounting bodies recognised in Australian legislation, alongside the Chartered Accountants Australia and New Zealand (CA ANZ) and CPA Australia. The IPA is also a full member body of the International Federation of Accountants (IFAC) and the Confederation of Asian and Pacific Accountants (CAPA).

In 2015, the Institute of Financial Accountants (IFA) UK amalgamated into the IPA Group. As such, BTEC Business HND graduates who become IPA members will also automatically receive complimentary equivalent IFA membership.
