Dear Geoffrey

Ref: Pearson Education Limited Accreditation Application

Following your application and accreditation review presentation and meeting on 7 July we are delighted to confirm that the Membership and Professional Standards Committee (MPSC) have approved your application to accredit your courses:

+44 (0)1604 404121
info@cbuilde.com
www.cbuilde.com

Lutyens House
Billing Brook Road
Northampton NN3 8NW

- Pearson BTEC Level 4 Higher National Certificate in Construction
- Pearson BTEC Level 5 Higher National Diploma in Construction
- Pearson BTEC Level 4 Higher National Certificate in Construction and the Built Environment
- Pearson BTEC Level 5 Higher National Diploma in Construction and the Built Environment
- Pearson BTEC Level 3 National Diploma in Construction and the Built Environment
- Pearson BTEC Level 3 National Extended Diploma in Construction and the Built Environment

I have pleasure in enclosing your certification.

The panel were very impressed by the subject lead's excellent presentation robust processes, approval quality and continuous development improvement which gave us real confidence in the accreditation.

Our recommendation to the MPSC included three commendations and one recommendation:

Commendations

- The panel were really impressed with your great links with industry and employers and the high level of employability after graduation, particularly at level 3

Chartered Association of
Building Engineers is a
company incorporated by
Royal Charter, registered
in London. No RC000867

- The processes, qualification design development, quality review and approval process, we found to be robust and innovative and inclusive and gave us a huge amount of confidence that the qualification will deliver excellent outcomes
- We thought your HN Global online portal for Higher Nationals, an excellent resource and the panel were impressed with the support that this offers centres and learners.

Recommendations

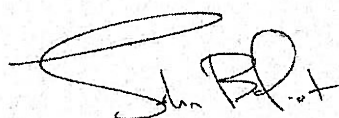

- We would like to share your links with other Higher and Further Education and Institutes that recognise and accept BTEC learners.

The accreditation is for a period of 5 years subject to you remaining as an Academic Partner, payable annually, and continue to pay accreditation fees also payable annually. Should there be any changes to modules within that period Pearson Education Limited must notify us as soon as possible.

All students on a CABE accredited course can apply for FREE Student Membership. Any student successfully completing one of the Qualifications, from a Pearson-approved Centre, will have achieved suitable education and experience to be recognised at an appropriate level of CABE Membership.

We see this accreditation as the start of a long term and productive partnership. We look forward to working with your colleagues within Pearson and your approved centres in the UK and Internationally.

Kind regards

Dear Geoffrey,

Letter of Recognition for BTEC Higher National Qualifications in Construction

Chartered Association of Building Engineers (CABE) (cbuilde.com) is an unifying voice within the construction sector. As a professional body we bring together members, who work across the life-cycle of the built environment specialising across a wide range of disciplines. CABE shares knowledge, raises standards and develops professionals, enabling them to meet the highest standards we all expect of them. By supporting our members CABE improves collaboration and competency ensuring that building meet our essential human needs, today and tomorrow.

CABE has approved the following BTEC qualifications as being fit for purpose in preparing Pearson's students for a role in the construction sector:

- Pearson BTEC Level 4 Higher National Certificate in Construction (603/3416/2)
- Pearson BTEC Level 5 Higher National Diploma in Construction (603/3417/4)
- Pearson BTEC Level 4 Higher National Certificate in Construction and the Built Environment (603/0465/0)
- Pearson BTEC Level 5 Higher National Diploma in Construction and the Built Environment (603/0464/9)
- Pearson BTEC Level 3 National Diploma in Construction and the Built Environment (603/0864/3)
- Pearson BTEC Level 3 National Extended Diploma in Construction and the Built Environment (603/0861/8).

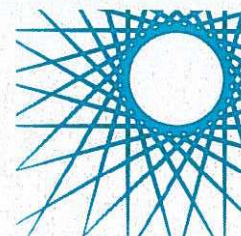

We believe that these qualifications provide an appropriate level of knowledge and skills, meeting the needs of the industry, and ensuring that employees are appropriately skilled for the job and able to operate to the standard that the sector expects. The qualifications will support learners to progress to Technician, Associate and ultimately Chartered Member grades of membership.

CABE is happy for its name, web address and logo to be made available on the Pearson websites to confirm that we recognise the qualifications.

Yours sincerely,

John Barfoot FCABE
Learning Education and Academic Director
