

Statement of Purpose

500/8243/7 – Pearson BTEC Level 3 Subsidiary Diploma in Animal Management (QCF)

The animal management sector is rapidly developing from a low-grade, largely manual sector into a service industry meeting the broad demands of the animal owning/interested public. Animal care is worth £1 billion to the UK and the associated pet food market was valued at just under £2 billion in 2008. This sector has 13,000 businesses, 78,000 employees and lots of volunteers. These businesses are mostly SMEs with 86% of these businesses employing five people or less. There is a wide range of businesses within the sector, such as:

- animal welfare
- pet retailers
- dog groomers
- kennels and catteries
- manufacturers
- wholesalers
- pet advisors
- zoo/wildlife park workers
- animal behaviour specialists
- animal charity worker.

The Pearson BTEC Level 3 Subsidiary Diploma (360 GLH) in Animal Management is part of a larger suite of Animal Management qualifications, in a range of sizes, which share the common purpose of helping people to become occupationally ready to take up employment in the Land-based sector at the appropriate level. This can follow either directly after achieving the qualification, or via the stepping stone of Higher Education (HE) in university or college. By studying a BTEC National, learners develop knowledge, understanding and skills required by the sector, including essential employability skills, and apply them in real work contexts. Learners can operate at a standard that can reasonably be expected of an 18 year old in full-time education.

The Pearson BTEC Level 3 Subsidiary Diploma in Animal Management (360 GLH) is primarily a Technical Level qualification, equivalent in size to an A level, which has been designed to occupy one third of the curriculum within a broader programme of study, which could include other vocational or academic qualifications. Its main purpose is to allow learners to develop the specialist knowledge, understanding and skills, including animal health, required by the sector. It provides a basis for progression into a broad range of roles within the sector when supported by relevant qualifications at level 2, such as GCSE English and mathematics, and/or at level 3, such as GCE Biology, GCE Chemistry or GCE Applied Business or Level 2 certificate in the Safe use of Veterinary Medicines. Learners have some opportunity to study in more depth a range of option areas of their choice, including:

- animal training
- livestock husbandry and management
- biology
- physiology
- feeding and handling.

As the qualification was designed in close collaboration with industry, it is fully supported by the Sector Skills Council (SSC) for the sector, LANTRA. A range of professional organisations/employers in the sector has also confirmed their support for this Pearson BTEC Level 3 Subsidiary Diploma in Animal Management. This means it is a highly respected route for those who wish to move into employment in the sector, either directly or following further study.

A significant proportion of recruitment in this sector is at graduate level. The Pearson BTEC Level 3 Subsidiary Diploma in Animal Management also provides a well-established route into a variety of specialist Higher Education (HE) courses in this sector, when taken alongside other qualifications appropriate for the desired course of study. UCAS has reviewed the qualification to assess its value for access to higher education, and has allocated UCAS points. See details published on the Pearson website here:
