Surname	Forename	
<b>Animal Management</b> Unit 3: Animal Welfare and Ethics		Part <b>A</b>
Extended Certificate/Foundation Diploma/Diploma in Animal Management and Extended Diploma in Animal Management with Science <b>Sample assessment material for first teaching                  September 2016</b>		

**Instructions**

- **Part A** contains material for the completion of the preparatory work for the set task.
- **Part A** should be undertaken over approximately 6 hours across a period of 2 weeks as timetabled by Pearson.
- **Part A** may be given to learners as soon as it is received so that learners can start the preparatory period in advance of the supervised assessment period.
- **Part A** is specific to each series and this material must only be issued to learners who have been entered to undertake the task in the relevant series.
- **Part B** materials for the set task will be issued prior to the start of the supervised assessment period according to the guidance in the specification.

## Instructions to Teachers/Tutors

This paper must be read in conjunction with the unit information in the specification and the BTEC Nationals Instructions for Conducting External Assessments (ICEA) document. See the Pearson website for details.

**Part A** should be issued to learners two weeks prior to undertaking **Part B** of the assessment.

Learners will be expected to conduct research and can take up to four sides of A4 notes into the supervised assessment.

Research is expected to be carried out over approximately six hours.

Teachers/Tutors cannot give any support to learners during the production of the notes and the work must be completed independently by the learner.

Centres are free to arrange the supervised assessment period how they wish provided the three hours for producing final outcomes are under the level of supervision specified, and in accordance with the conduct procedures.

Refer carefully to the instructions in this task booklet and the Instructions for Conducting External Assessments (ICEA) document to ensure that the preparatory period is conducted correctly and that learners have the opportunity to carry out the required activities independently.

## Instructions for Learners

Read the set task information carefully.

This contains **Part A** of the information you need to prepare for the set task.

You will need to carry out your own preparatory work over the next two weeks.

You will then be given the set task **Part B** to complete under supervised conditions.

You must work independently and should not share your work with other learners.

Your teacher/tutor may give guidance on when you can complete the preparation.

Your teacher/tutor cannot give you feedback during the preparation period.

## Set Task Brief

You are required to carry out research into the scenario provided in the Set Task Information below. You should consider the following areas in relation to the scenario:

- legislation and regulations relating to the animal species
- policies and practices relating to the setting and linkages to the welfare requirements of that species
- ethical issues relating to ownership of the species.

You will be allowed a maximum of four sides of A4 of your individually prepared notes to support you during the supervised assessment. You are expected to spend approximately six hours conducting your research.

## Part A Set Task Information

Peekaboo Pets is a medium-sized pet shop in Mornington selling a range of animals and animal supplies and offering pet services. In a recent inspection by the local authority, it has been found to be below standard and not meeting the legislative requirements for animal welfare.

You have been asked as the pet shop supervisor to carry out an appraisal with recommendations for Peekaboo Pets.
