

Specification

BTEC Nationals

Edexcel BTEC Level 3 Subsidiary Diploma in Beauty Therapy Techniques (QCF) and Edexcel BTEC Level 3 Diploma in Beauty Therapy (QCF)

For first teaching January 2011

Issue 3

July 2011

Edexcel, a Pearson company, is the UK's largest awarding body, offering academic and vocational qualifications and testing to more than 25,000 schools, colleges, employers and other places of learning in the UK and in over 100 countries worldwide. Qualifications include GCSE, AS and A Level, NVQ and our BTEC suite of vocational qualifications from entry level to BTEC Higher National Diplomas, recognised by employers and higher education institutions worldwide.

We deliver 9.4 million exam scripts each year, with more than 90% of exam papers marked onscreen annually. As part of Pearson, Edexcel continues to invest in cutting-edge technology that has revolutionised the examinations and assessment system. This includes the ability to provide detailed performance data to teachers and students which helps to raise attainment.

This specification is Issue 3. Key changes are sidelined. We will inform centres of any changes to this issue. The latest issue can be found on the Edexcel website: www.edexcel.com

BTEC National qualification titles covered by this specification

Edexcel BTEC Level 3 Subsidiary Diploma in Beauty Therapy Techniques (QCF)

Edexcel BTEC Level 3 Diploma in Beauty Therapy (QCF)

These qualifications have been accredited to the Qualifications and Credit Framework (QCF) and are eligible for public funding as determined by the Department for Education (DfE) under Sections 96 and 97 of the Learning and Skills Act 2000.

The qualification titles listed above feature in the funding lists published annually by the DCSF and the regularly updated website www.dcsf.gov.uk/. The QCF Qualifications Accreditation Number (QAN) should be used by centres when they wish to seek public funding for their learners. Each unit within a qualification will also have a QCF unit code.

The QCF qualification and unit codes will appear on the learners' final certification documentation.

The QANs for the qualifications in this publication are:

| | |
|--|------------|
| Edexcel BTEC Level 3 Subsidiary Diploma in Beauty Therapy Techniques (QCF) | 501/0110/9 |
| Edexcel BTEC Level 3 Diploma in Beauty Therapy (QCF) | 501/0256/4 |

These qualification titles will appear on learners' certificates. Learners need to be made aware of this when they are recruited by the centre and registered with Edexcel.

What are BTEC Nationals?

BTEC National qualifications are undertaken in further education and sixth-form colleges, schools and other training providers, and have been since they were introduced in 1984. Their purpose, approaches to teaching, learning and assessment are established and understood by teaching professionals, employers and learners alike.

The BTEC National qualifications within this specification have been revised for the Qualifications and Credit Framework (QCF). As such, the revised titles are:

Edexcel BTEC Level 3 Subsidiary Diploma in Beauty Therapy Techniques (QCF)

Edexcel BTEC Level 3 Diploma in Beauty Therapy (QCF)

But for clarity and continuity they are referred to within this specification and generically as BTEC National qualifications, where appropriate. They maintain the same equivalences, benchmarks and other articulations (for example SCAAT points, UCAS Tariff points) as their predecessor qualifications. The following identifies the titling conventions and variations between the 'old' (NQF) and 'new' (QCF) specifications:

| Predecessor BTEC Nationals (accredited 2007) | QCF BTEC Nationals (for delivery from September 2010) |
|---|--|
| Not applicable | Edexcel BTEC Level 3 Certificate |
| Edexcel Level 3 BTEC National Award | Edexcel BTEC Level 3 Subsidiary Diploma |
| Edexcel Level 3 BTEC National Certificate | Edexcel BTEC Level 3 Diploma |
| Edexcel Level 3 BTEC National Diploma | Edexcel BTEC Level 3 Extended Diploma |

BTEC Nationals are QCF Level 3 qualifications designed to provide highly specialist work-related qualifications in a range of vocational sectors. They give learners the knowledge, understanding and skills that they need to prepare for employment. The qualifications also provide career development opportunities for those already in work, and through articulation to higher education, degree and professional development programmes provide progression opportunities within the same cognate or related areas of study within universities and other institutions. BTEC Nationals accredit the achievement for courses and programmes of study for full-time or part-time learners in schools, colleges and other training provider organisations.

BTEC Nationals provide much of the underpinning knowledge and understanding for the National Occupational Standards for the sector, where these are appropriate. They are supported by the relevant Sector Skills Councils (SSCs) and/or Standards Setting Bodies (SSBs). Certain BTEC Nationals are recognised as Technical Certificates and form part of the Apprenticeship Framework. They attract UCAS points that equate to similar-sized general qualifications within education institutions within the UK.

On successful completion of a BTEC National qualification, a learner can progress to or within employment and/or continue their study in the same, or related vocational area.

It should be noted that the titling conventions for the revised QCF versions of the BTEC Firsts have also changed; see the relevant BTEC First specifications on our website (www.edexcel.com).

The QCF is a framework which awards credit for qualifications and units and aims to present qualifications in a way that is easy to understand and measure. It enables learners to gain qualifications at their own pace along flexible routes.

There are three sizes of qualifications in the QCF:

- Awards (1 to 12 credits)
- Certificates (13 to 36 credits)
- Diplomas (37 credits and above).

Every unit and qualification in the framework will have a credit value.

The credit value of a unit specifies the number of credits that will be awarded to a learner who has achieved the learning outcomes of the unit.

The credit value of a unit is based on:

- one credit for those learning outcomes achievable in 10 hours of learning
- learning time being defined as the time taken by learners at the level of the unit, on average, to complete the learning outcomes of the unit to the standard determined by the assessment criteria
- the credit value of the unit remaining constant in all contexts, regardless of the assessment method used for the qualification(s) to which it contributes.

Learning time should address all learning (including assessment) relevant to the learning outcomes, regardless of where, when and how the learning has taken place.

Edexcel BTEC Level 3 Subsidiary Diploma – 60 credits

The 60-credit BTEC Level 3 Subsidiary Diploma extends the specialist work-related focus and covers the key knowledge and practical skills required in the appropriate vocational sector. The BTEC Level 3 Subsidiary Diploma offers greater flexibility and a choice of emphasis through the optional units. It is usually broadly equivalent to one GCE A Level.

The BTEC Level 3 Subsidiary Diploma offers an engaging programme for those who are clear about the area of employment that they wish to enter. These learners may wish to extend their programme through the study of a general qualifications such as GCE AS Levels, additional specialist learning (for example through another BTEC qualification) or a complementary NVQ. These learning programmes can be developed to allow learners to study related and complementary qualifications without duplication of content.

For adult learners the BTEC Level 3 Subsidiary Diploma can extend their experience of work in a particular sector. It may also be a suitable qualification for those wishing to change career or move into a particular area of employment following a career break.

The predecessor qualification to the BTEC Level 3 Subsidiary Diploma is the Edexcel Level 3 BTEC National Award accredited onto the National Qualifications Framework, which has the same equivalences, overall size and focus as the revised QCF-accredited qualification.

Edexcel BTEC Level 3 Diploma – 120 credits

The 120-credit BTEC Level 3 Diploma broadens and expands the specialist work-related focus from the BTEC Level 3 Subsidiary Diploma. There is potential for the qualification to prepare learners for employment in the appropriate vocational sector and it is suitable for those who have decided that they wish to enter a particular area of work. It is usually broadly equivalent to two GCE A Levels.

Some learners may wish to gain the qualification in order to enter a specialist area of employment or to progress to a Level 3 programme. Other learners may want to extend the specialism they studied on the BTEC Level 3 Subsidiary Diploma programme.

The predecessor qualification to the BTEC Level 3 Diploma is the Edexcel Level 3 BTEC National Certificate accredited onto the National Qualifications Framework, which has the same equivalences, overall size and focus to the revised QCF-accredited qualification.

Key features of the BTEC Nationals in Beauty Therapy Techniques/Beauty Therapy

The BTEC Nationals in Beauty Therapy Techniques/Beauty Therapy have been developed in the beauty therapy sector to:

- provide education and training for beauty therapy employees
- give opportunities for beauty therapy employees to achieve a nationally recognised, Level 3 vocationally-specific qualification that is supported by Habia, the Standards Setting Body for the hair and beauty sector
- give learners the opportunity to develop a range of skills and techniques and attributes essential for successful performance in working life.

Rationale for the BTEC Nationals in Beauty Therapy Techniques/Beauty Therapy

The new BTEC Nationals in Beauty Therapy Techniques/Beauty Therapy are intended to:

- give learners the opportunity to gain a preparation for work qualification, which is informed by the National Occupational Standards in beauty therapy
- give learners the opportunity to gain and develop practical capability in Level 3 beauty therapy skills, including providing facial and body electrotherapy treatments and body massage
- give learners the opportunity to take optional units to specialise in valued skills in the sector, such as providing electrical epilation and providing self-tanning
- give learners the knowledge, understanding and skills relating to important areas of study in beauty therapy, including health and safety, client care and communication and promoting and selling products and services
- give full-time learners the opportunity to enter employment in the beauty therapy sector or to progress to vocational qualifications such as the BTEC Level 4 and 5 qualifications in hair and beauty management, or foundation degrees in a related area.

National Occupational Standards

BTEC Nationals are designed to provide much of the underpinning knowledge and understanding for the National Occupational Standards (NOS), as well as developing practical skills in preparation for work and possible achievement of NVQs in due course. NOS form the basis of National Vocational Qualifications (NVQs). BTEC Nationals do not purport to deliver occupational competence in the sector, which should be demonstrated in a work context.

Each unit in the specification identifies links to elements of the NOS.

The Edexcel BTEC Level 3 Nationals in Beauty Therapy Techniques/Beauty Therapy relate to the beauty and spa therapy NOS.

Rules of combination for Edexcel BTEC Level 3 National qualifications

The rules of combination specify the:

- total credit value of the qualification
- minimum credit to be achieved at the level, or above of the qualification
- mandatory unit credit
- optional unit credit
- maximum credit that can come from other QCF BTEC units.

When combining units for a BTEC National qualification, it is the centre's responsibility to ensure that the following rules of combination are adhered to.

Edexcel BTEC Level 3 Subsidiary Diploma in Beauty Therapy Techniques

- 1 Qualification credit value: a minimum of 60 credits.
- 2 Minimum credit to be achieved at, or above, the level of the qualification: 60 credits.
- 3 Mandatory unit credit: 47 credits.
- 4 Optional unit credit: 13.

Edexcel BTEC Level 3 Diploma in Beauty Therapy

- 1 Qualification credit value: a minimum of 120 credits.
- 2 Minimum credit to be achieved at, or above, the level of the qualification: 88 credits.
- 3 Mandatory unit credit: 74 credits.
- 4 Optional unit credit: a minimum of 46.
- 5 A maximum of 10 optional credits can come from other QCF BTEC units to meet local needs.

Edexcel BTEC Level 3 Diploma in Beauty Therapy (Sciences)

- 1 Qualification credit value: a minimum of 120 credits.
- 2 Minimum credit to be achieved at, or above, the level of the qualification: 88 credits.
- 3 Mandatory unit credit: 85 credits.
- 4 Optional unit credit: a minimum of 35.
- 5 A maximum of 5 optional credits can come from other QCF BTEC units to meet local needs.

Edexcel BTEC Level 3 Subsidiary Diploma in Beauty Therapy Techniques (QCF)

The Edexcel BTEC Level 3 Subsidiary Diploma in Beauty Therapy Techniques (QCF) is a minimum 60-credit and 496 to 534-guided-learning-hour (GLH) qualification that consists of seven mandatory units **plus** optional units that provide for a combined minimum total of 60 credits.

The units for the BTEC Nationals in Beauty Therapy Techniques/Beauty Therapy are on the CD ROM contained within the specification pack.

Edexcel BTEC Level 3 Subsidiary Diploma in Beauty Therapy Techniques (QCF)

| 42 | Provide Pedicure Treatments | 5 | 2 |

Assessment and grading

In BTEC Nationals all units are internally assessed.

All assessment for BTEC Nationals is criterion referenced, based on the achievement of specified learning outcomes. Each unit within the qualification has specified assessment and grading criteria which are to be used for grading purposes. A summative unit grade can be awarded at pass, merit or distinction:

- to achieve a 'pass' a learner must have satisfied **all** the pass assessment criteria
- to achieve a 'merit' a learner must additionally have satisfied **all** the merit grading criteria
- to achieve a 'distinction' a learner must additionally have satisfied **all** the distinction grading criteria.

Learners who complete the unit but who do not meet all the pass criteria are graded 'unclassified'.

Grading domains

The grading criteria are developed in relation to grading domains which are exemplified by a number of indicative characteristics at the level of the qualification.

There are four BTEC National grading domains:

- application of knowledge and understanding
- development of practical and technical skills
- personal development for occupational roles
- application of generic skills.

Please refer to *Annexe B* which shows the merit and distinction indicative characteristics.

Guidance

The purpose of assessment is to ensure that effective learning has taken place to give learners the opportunity to:

- meet the assessment and grading criteria and
- achieve the learning outcomes within the units.

All the assignments created by centres should be reliable and fit for purpose, and should build on the assessment and grading criteria. Assessment tasks and activities should enable learners to produce valid, sufficient and reliable evidence that relates directly to the specified criteria. Centres should enable learners to produce evidence in a variety of different forms and including, written reports, graphs and posters, along with projects, performance observation and time-constrained assessments.

Centres are encouraged to emphasise the practical application of the assessment and grading criteria, providing a realistic scenario for learners to adopt, and making maximum use of practical activities and work experience. The creation of assignments that are fit for purpose is vital to achievement and their importance cannot be over-emphasised.

The assessment and grading criteria must be clearly indicated in the fit-for-purpose assignments. This gives learners focus and helps with internal verification and standardisation processes. It will also help to ensure that learner feedback is specific to the assessment and grading criteria.

When looking at the assessment and grading grids and designing assignments, centres are encouraged to identify common topics and themes.

The units include guidance on appropriate assessment methodology. A central feature of vocational assessment is that it allows for assessment to be:

- current, ie to reflect the most recent developments and issues
- local, ie to reflect the employment context of the delivering centre
- flexible to reflect learner needs, ie at a time and in a way that matches the learner's requirements so that they can demonstrate achievement.

Calculation of the qualification grade

Pass qualification grade

Learners who achieve the minimum eligible credit value specified by the rule of combination will achieve the qualification at pass grade (see *Rules of combination for Edexcel BTEC Level 3 National qualifications*).

Qualification grades above pass grade

Learners will be awarded a merit or distinction or distinction* qualification grade (or combination of these grades appropriate to the qualification) by the aggregation of points gained through the successful achievement of individual units. The number of points available is dependent on the unit level and grade achieved, and the credit size of the unit (as shown in the 'points available for credits achieved at different QCF Levels and unit grades' below).

Points available for credits achieved at different QCF Levels and unit grades

The table below shows the **number of points scored per credit** at the unit level and grade.

| Unit QCF level | Points per credit | | |
|----------------|-------------------|----------|-------------|
| | Pass | Merit | Distinction |
| Level 2 | 5 | 6 | 7 |
| Level 3 | 7 | 8 | 9 |
| Level 4 | 9 | 10 | 11 |

Learners who achieve the correct number of points within the ranges shown in the 'qualification grade' table will achieve the qualification merit or distinction or distinction* grade (or combinations of these grades appropriate to the qualification).

Qualification grade

BTEC Level 3 Certificate

| Points range above pass grade | Grade | |
|-------------------------------|--------------|----|
| 230-249 | Merit | M |
| 250-259 | Distinction | D |
| 260 and above | Distinction* | D* |

BTEC Level 3 Subsidiary Diploma

| Points range above pass grade | Grade | |
|-------------------------------|--------------|----|
| 460-499 | Merit | M |
| 500-519 | Distinction | D |
| 520 and above | Distinction* | D* |

BTEC Level 3 Diploma

| Points range above pass grade | Grade |
|-------------------------------|-------|
| 880-919 | MP |
| 920-959 | MM |
| 960-999 | DM |
| 1000-1029 | DD |
| 1030-1059 | DD* |
| 1060 and above | D*D* |

BTEC Level 3 Extended Diploma

| Points range above pass grade | Grade |
|-------------------------------|--------|
| 1300-1339 | MPP |
| 1340-1379 | MMP |
| 1380-1419 | MMM |
| 1420-1459 | DMM |
| 1460-1499 | DDM |
| 1500-1529 | DDD |
| 1530-1559 | DDD* |
| 1560-1589 | DD*D* |
| 1590 and above | D*D*D* |

Please refer to *Annexe G* for examples of calculation of qualification grade above pass grade.

Quality assurance of centres

Edexcel's qualification specifications set out the standard to be achieved by each learner in order to be awarded the qualification. This is covered in the statement of learning outcomes, and assessment and grading criteria in each unit. Further guidance on delivery and assessment is given in the *Essential guidance for tutors* section in each unit. This section is designed to provide additional guidance and amplification related to the unit to support tutors, deliverers and assessors and to provide for a coherence of understanding and a consistency of delivery and assessment.

Approval

Centres that have not previously offered BTEC qualifications will first need to apply for, and be granted, centre approval before they can apply for approval to offer the programme.

When a centre applies for approval to offer a BTEC qualification they are required to enter into an approvals agreement.

The approvals agreement is a formal commitment by the head or principal of a centre to meet all the requirements of the specification and any linked codes or regulations. Sanctions and tariffs may be applied if centres do not comply with the agreement. Ultimately, this could result in the suspension of certification or withdrawal of approval.

Centres will be allowed 'accelerated approval' for a new programme where the centre already has approval for a programme that is being replaced by the new programme.

The key principles of quality assurance are that:

- a centre delivering BTEC programmes must be an approved centre and must have approval for programmes or groups of programmes that it is operating
- the centre agrees as part of gaining approval to abide by specific terms and conditions around the effective delivery and quality assurance of assessment; it must abide by these conditions throughout the period of delivery
- Edexcel makes available to approved centres a range of materials and opportunities intended to exemplify the processes required for effective assessment and examples of effective standards. Approved centres must use the materials and services to ensure that all staff delivering BTEC qualifications keep up to date with the guidance on assessment
- an approved centre must follow agreed protocols for standardisation of assessors and verifiers; planning, monitoring and recording of assessment processes; and for dealing with special circumstances, appeals and malpractice.

The approach of quality assured assessment is made through a partnership between an approved centre and Edexcel. Edexcel is committed to ensuring that it follows best practice and employs appropriate technology to support quality assurance processes where practicable. Therefore, the specific arrangements for working with centres will vary. Edexcel seeks to ensure that the quality assurance processes that it uses do not place undue bureaucratic processes on centres and works to support centres in providing robust quality assurance processes.

Edexcel monitors and supports centres in the effective operation of assessment and quality assurance. The methods which it uses to do this for BTEC First and National programmes accredited under the Qualifications and Credit Framework (QCF) include:

- ensuring that all centres have completed appropriate declarations at the time of approval undertaking approval visits to centres where necessary

- requiring all centres to appoint a Lead Internal Verifier for designated groups of programmes and to ensure that this person is trained and supported in carrying out that role
- requiring that the Lead Internal Verifier completes compulsory online standardisation related to assessment and verification decisions for the designated programme
- assessment sampling and verification, through requested samples of assessments, completed assessed learner work and associated documentation
- overarching review and assessment of a centre's strategy for assessing and quality assuring its BTEC programmes.

Edexcel Quality Assurance Handbook

Centres should refer to the *Handbook for Quality Assurance for BTEC QCF Qualifications*, issued annually, for detailed guidance.

An approved centre must make certification claims only when authorised by Edexcel and strictly in accordance with requirements for reporting.

Centres that do not fully address and maintain rigorous approaches to quality assurance will be prevented from seeking certification for individual programmes or for all BTEC First and National programmes. Centres that do not comply with remedial action plans may have their approval to deliver qualifications removed.

Programme design and delivery

BTEC National qualifications consist of mandatory units and optional units. Optional units are designed to provide a focus to the qualification and give more specialist opportunities in the sector.

In BTEC Nationals each unit has a number of guided learning hours.

Guided learning hours are defined as all the times when a tutor, trainer or facilitator is present to give specific guidance towards the learning aim being studied on a programme. This definition includes lectures, tutorials and supervised study in, for example, open learning centres and learning workshops. It also includes time spent by staff assessing learners' achievements. It does not include time spent by staff in day-to-day marking of assignments where the learner is not present.

Centres are advised to consider this definition when planning the programme of study associated with this specification.

Mode of delivery

Edexcel does not define the mode of study for BTEC Nationals. Centres are free to offer the qualifications using any mode of delivery (such as full time, part time, evening only, distance learning) that meets their learners' needs. Whichever mode of delivery is used, centres must ensure that learners have appropriate access to the resources identified in the specification and to the subject specialists delivering the units. This is particularly important for learners studying for the qualification through open or distance learning.

Learners studying for the qualification on a part-time basis bring with them a wealth of experience that should be utilised to maximum effect by tutors and assessors. The use of assessment evidence drawn from learners' work environments should be encouraged. Those planning the programme should aim to enhance the vocational nature of the qualification by:

- liaising with employers to ensure a course relevant to learners' specific needs
- accessing and using non-confidential data and documents from learners' workplaces

- including sponsoring employers in the delivery of the programme and, where appropriate, in the assessment
- linking with company-based/workplace training programmes
- making full use of the variety of experience of work and life that learners bring to the programme.

Resources

BTEC Nationals are designed to prepare learners for employment in specific occupational sectors. Physical resources need to support the delivery of the programme and the proper assessment of the learning outcomes and should, therefore, normally be of industry standard. Staff delivering programmes and conducting the assessments should be familiar with current practice and standards in the sector concerned. Centres will need to meet any specific resource requirements to gain approval from Edexcel.

Where specific resources are required these have been indicated in individual units in the *Essential resources* sections.

Delivery approach

It is important that centres develop an approach to teaching and learning that supports the specialist vocational nature of BTEC National qualifications and the mode of delivery. Specifications give a balance of practical skill development and knowledge requirements, some of which can be theoretical in nature. Tutors and assessors need to ensure that appropriate links are made between theory and practical application and that the knowledge base is applied to the sector. This requires the development of relevant and up-to-date teaching materials that allow learners to apply their learning to actual events and activity within the sector. Maximum use should be made of the learner's experience.

An outline learning plan is included in every unit as guidance which demonstrates one way in planning the delivery and assessment of the unit. The outline learning plan can be used in conjunction with the programme of suggested assignments.

Where the qualification has been designated and approved as a Technical Certificate and forms part of an Apprenticeship scheme, particular care needs to be taken to build strong links between the learning and assessment for the BTEC National qualification and the related NVQs and Functional Skills that also contribute to the scheme.

Meeting local needs

Centres should note that the qualifications set out in this specification have been developed in consultation with centres and employers and the Sector Skills Councils or the Standards Setting Bodies for the relevant sector. Centres should make maximum use of the choice available to them within the optional units to meet the needs of their learners, and local skills and training needs.

In certain circumstances, units in this specification might not allow centres to meet a local need. In this situation, Edexcel will ensure that the rule of combination allows centres to make use of units from other standard QCF BTEC specifications. Centres are required to ensure that the coherence and purpose of the qualification is retained and to ensure that the vocational focus is not diluted.

Limitations on variations from standard specifications

The flexibility to import standard units from other BTEC Nationals is limited to a total of 25 per cent of the qualification credit value (see *Rules of combination for Edexcel BTEC Level 3 National qualifications*).

These units cannot be used at the expense of the mandatory units in any qualification.

Additional and specialist learning

Additional and specialist learning (ASL) consists of accredited qualifications at the same level as, or one level above, the Diploma course of study. The ASL may include BTEC qualifications which are also available to learners not following a Diploma course of study.

Qualifications for ASL must be selected from the ASL catalogue through the National Database of Accredited Qualifications (NDAQ). The catalogue includes qualifications which have the approval of the Diploma Development Partnership (DDP) and will expand over time as more qualifications are approved. To access the catalogue go to www.ndaq.org.uk and select 'Browse Diploma Qualifications'.

Functional Skills

BTEC Nationals give learners opportunities to develop and apply Functional Skills.

Functional Skills are offered as stand-alone qualifications at Level 2. See individual units for opportunities to cover ICT, Mathematics and English Functional Skills.

Personal, learning and thinking skills

Opportunities are available to develop personal, learning and thinking skills (PLTS) within sector-related context. PLTS are identified in brackets after the unit pass criteria to which they are associated and they are also mapped in *Annexe C*. Further opportunities for learners to demonstrate these skills may also be apparent as learners progress throughout their learning.

Access and recruitment

Edexcel's policy regarding access to its qualifications is that:

- they should be available to everyone who is capable of reaching the required standards
- they should be free from any barriers that restrict access and progression
- there should be equal opportunities for all wishing to access the qualifications.

Centres are required to recruit learners to BTEC qualifications with integrity. This will include ensuring that applicants have appropriate information and advice about the qualifications and that the qualification will meet their needs. Centres should take appropriate steps to assess each applicant's potential and make a professional judgement about their ability to successfully complete the programme of study and achieve the qualification. This assessment will need to take account of the support available to the learner within the centre during their programme of study and any specific support that might be necessary to allow the learner to access the assessment for the qualification. Centres should consult Edexcel's policy on learners with particular requirements.

Centres will need to review the entry profile of qualifications and/or experience held by applicants, considering whether this profile shows an ability to progress to a Level 3 qualification. For learners who have recently been in education, the profile is likely to include one of the following:

- a BTEC Level 2 qualification in beauty therapy services/beauty therapy or a related vocational area
- a standard of literacy and numeracy supported by a general education equivalent to four GCSEs at grade A*-C
- other related Level 2 qualifications
- related work experience.

More mature learners may present a more varied profile of achievement that is likely to include experience of paid and/or unpaid employment.

Restrictions on learner entry

These BTEC National qualifications are accredited on the QCF for learners aged 16 years and over.

In the hair and beauty sector, there are restrictions set by Habia regarding activities which are deemed unsuitable for learners aged under 16 years to undertake.

Edexcel BTEC Level 3 Nationals are listed on the DfE funding lists under Section 96 and Section 97 of the Learning and Skills Act 2000.

Access arrangements and special considerations

Edexcel's policy on access arrangements and special considerations for BTEC and Edexcel NVQ qualifications aims to enhance access to the qualifications for learners with disabilities and other difficulties (as defined by the 1995 Disability Discrimination Act and the amendments to the Act) without compromising the assessment of skills, knowledge, understanding or competence.

Further details are given in the policy *Access Arrangements and Special Considerations for BTEC and Edexcel NVQ Qualifications*, which can be found on the Edexcel website (www.edexcel.com). This policy replaces the previous Edexcel policy (Assessment of Vocationally Related Qualification: Regulations and Guidance Relating to Learners with Special Requirements, 2002) concerning learners with particular requirements.

Recognition of Prior Learning

Recognition of Prior Learning (RPL) is a method of assessment (leading to the award of credit) that considers whether a learner can demonstrate that they can meet the assessment requirements for a unit through knowledge, understanding or skills they already possess and so do not need to develop through a course of learning.

Edexcel encourages centres to recognise learners' previous achievements and experiences whether at work, home and at leisure, as well as in the classroom. RPL provides a route for the recognition of the achievements resulting from continuous learning.

RPL enables recognition of achievement from a range of activities using any valid assessment methodology. Provided that the assessment requirements of a given unit or qualification have been met, the use of RPL is acceptable for accrediting a unit, units or a whole qualification. Evidence of learning must be valid and reliable.

Unit format

All units in Edexcel BTEC Level 3 National qualifications have a standard format. The unit format is designed to give guidance on the requirements of the qualification for learners, tutors, assessors and those responsible for monitoring national standards.

Each unit has the following sections.

Unit title

The unit title is accredited on the QCF and this form of words will appear on the learner's Notification of Performance (NOP).

QCF level

All units and qualifications within the QCF will have a level assigned to them, which represents the level of achievement. There are nine levels of achievement, from Entry Level to Level 8. The level of the unit has been informed by the QCF level descriptors and, where appropriate, the National Occupational Standards (NOS) and/or other sector/professional benchmarks.

Credit value

Each unit in BTEC National qualifications has a credit value; learners will be awarded credits for the successful completion of whole units.

A credit value specifies the number of credits that will be awarded to a learner who has achieved all the learning outcomes of the unit.

Guided learning hours

Guided learning hours are defined as all the times when a tutor, trainer or facilitator is present to give specific guidance towards the learning aim being studied on a programme. This definition includes lectures, tutorials and supervised study in, for example, open learning centres and learning workshops. It also includes time spent by staff assessing learners' achievements. It does not include time spent by staff in day-to-day marking of assignments or homework where the learner is not present.

Aim and purpose

The aim provides a clear summary of the purpose of the unit and is a succinct statement that summarises the learning outcomes of the unit.

Unit introduction

The unit introduction gives the reader an appreciation of the unit in the vocational setting of the qualification, as well as highlighting the focus of the unit. It gives the reader a snapshot of the unit and the key knowledge, skills and understanding gained while studying the unit. The unit introduction also highlights any links to the appropriate vocational sector by describing how the unit relates to that sector.

Learning outcomes

Learning outcomes state exactly what a learner should 'know, understand or be able to do' as a result of completing the unit.

Unit content

The unit content identifies the breadth of knowledge, skills and understanding needed to design and deliver a programme of learning to achieve each of the learning outcomes. This is informed by the underpinning knowledge and understanding requirements of the related NOS. The content provides the range of subject material for the programme of learning and specifies the skills, knowledge and understanding required for achievement of the pass, merit and distinction grading criteria.

Each learning outcome is stated in full and then the key phrases or concepts related to that learning outcome are listed in italics followed by the subsequent range of related topics.

Relationship between content and assessment criteria

The learner must have the opportunity within the delivery of the unit to cover all of the unit content.

It is not a requirement of the unit specification that all of the content is assessed. However, the indicative content will need to be covered in a programme of learning in order for learners to be able to meet the standard determined in the assessment and grading criteria. The merit and distinction grading criteria enable the learner to achieve higher levels of performance in acquisition of knowledge, understanding and skills.

Content structure and terminology

The information below shows how unit content is structured and gives the terminology used to explain the different components within the content.

- Learning outcome: this is given and in bold at the beginning of each section of content.
- Italicised sub-heading: it contains a key phrase or concept. This is content which must be covered in the delivery of the unit. Colons mark the end of an italicised sub-heading.
- Elements of content: the elements are in plain text and amplify the sub-heading. The elements must also be covered in the delivery of the unit. Semi-colons mark the end of an element.
- Brackets contain amplification of elements of content which must be covered in the delivery of the unit.
- 'eg' is a list of examples used for indicative amplification of an element (that is, the content specified in this amplification that could be covered or that could be replaced by other, similar material).

Assessment and grading grid

Each grading grid gives the assessment and grading criteria used to determine the evidence that each learner must produce in order to receive a pass, merit or distinction grade. It is important to note that the merit and distinction grading criteria require a qualitative improvement in a learner's evidence and not simply the production of more evidence at the same level.

Shading is used in the grading grid to differentiate the assessment criteria between the Learning Outcomes.

Essential guidance for tutors

This section gives tutors additional guidance and amplification to aid understanding and a consistent level of delivery and assessment. It is divided into the following sections.

- *Delivery* – explains the content's relationship with the learning outcomes and offers guidance about possible approaches to delivery. This section is based on the more usual delivery modes but is not intended to rule out alternative approaches.
- *Outline learning plan* – the outline learning plan has been included in every unit as guidance and demonstrates one way in planning the delivery and assessment of a unit. The outline learning plan can be used in conjunction with the programme of suggested assignments.
- *Assessment* – gives amplification about the nature and type of evidence that learners need to produce in order to pass the unit or achieve the higher grades. This section should be read in conjunction with the grading criteria.
- *Suggested programme of assignments* – the table shows how the suggested assignments match and cover the assessment grading criteria.
- *Links to National Occupational Standards, other BTEC units, other BTEC qualifications and other relevant units and qualifications* – sets out links with other units within the qualification. These links can be used to ensure that learners make connections between units, resulting in a coherent programme of learning. The links show opportunities for integration of learning, delivery and assessment.
- *Essential resources* – identifies any specialist resources needed to allow learners to generate the evidence required for each unit. The centre will be asked to ensure that any requirements are in place when it seeks approval from Edexcel to offer the qualification.
- *Employer engagement and vocational contexts* – provides a short list of agencies, networks and other useful contacts for employer engagement and for sources of vocational contexts.
- *Indicative reading for learners* – gives a short list of learner resource material that benchmarks the level of study.

Professional development and training

Edexcel supports UK and international customers with training related to BTEC qualifications. This support is available through a choice of training options offered in our published training directory or through customised training at your centre.

The support we offer focuses on a range of issues including:

- planning for the delivery of a new programme
- planning for assessment and grading
- developing effective assignments
- building your team and teamwork skills
- developing student-centred learning and teaching approaches
- building Functional Skills into your programme
- building in effective and efficient quality assurance systems.

The national programme of training we offer can be viewed on our website (www.edexcel.com/training). You can request customised training through the website or by contacting one of our advisers in the Training from Edexcel team via Customer Services to discuss your training needs.

Our customer service numbers are:

| | |
|-------------------------------|---------------|
| BTEC and NVQ | 0844 576 0026 |
| GCSE | 0844 576 0027 |
| GCE | 0844 576 0025 |
| The Diploma | 0844 576 0028 |
| DiDA and other qualifications | 0844 576 0031 |

Calls may be recorded for training purposes.

The training we provide:

- is active – ideas are developed and applied
- is designed to be supportive and thought provoking
- builds on best practice.

Our training is underpinned by the LLUK standards for those preparing to teach and for those seeking evidence for their continuing professional development.

Grading domains: BTEC Level 3 generic grading domains

| Grading domain 1 | Indicative characteristics – merit | Indicative characteristics – distinction |
|---|---|--|
| Application of knowledge and understanding (Learning outcome stem <i>understand or know</i>) | <ul style="list-style-type: none"> Shows depth of knowledge and development of understanding in familiar and unfamiliar situations (for example explain why, makes judgements based on analysis). Applies and/or selects concepts showing comprehension of often complex theories. Applies knowledge in often familiar and unfamiliar contexts. Applies knowledge to non-routine contexts (eg assessor selection). Makes reasoned analytical judgements. Shows relationships between pass criteria. | <ul style="list-style-type: none"> Synthesises knowledge and understanding across pass/merit criteria. Evaluates complex concepts/ideas/actions and makes reasoned and confident judgements. Uses analysis, research and evaluation to make recommendations and influence proposals. Analyses implications of application of knowledge/understanding. Accesses and evaluates knowledge and understanding to advance complex activities/context. Shows relationships with p/m criteria. Responds positively to evaluation. |
| Grading domain 2 | Indicative characteristics – merit | Indicative characteristics – distinction |
| Development of practical and technical skills (Learning outcome stem <i>be able to</i>) | <ul style="list-style-type: none"> Deploys appropriate advanced techniques/processes/skills. Applies technical skill to advance non-routine activities. Advances practical activities within resource constraints. Produces varied solutions (including non-routine). Modifies techniques/processes to situations. Shows relationship between p criteria. | <ul style="list-style-type: none"> Demonstrates creativity/originality/own ideas. Applies skill(s) to achieve higher order outcome. Selects and uses successfully from a range of advanced techniques/processes/skills. Reflects on skill acquisition and application. Justifies application of skills/methods. Makes judgements about risks and limitations of techniques/processes. Innovates or generates new techniques/processes for new situations. Shows relationship with p and m criteria. |

| Grading domain 3 | Indicative characteristics – merit | Indicative characteristics – distinction |
|---|---|---|
| Personal development for occupational roles (Any learning outcome stem) | <ul style="list-style-type: none"> • Takes responsibility in planning and undertaking activities. • Reviews own development needs. • Finds and uses relevant information sources. • Acts within a given work-related context showing understanding of responsibilities. • Identifies responsibilities of employers to the community and the environment. • Applies qualities related to the vocational sector. • Internalises skills/attributes (creating confidence). | <ul style="list-style-type: none"> • Manages self to achieve outcomes successfully. • Plans for own learning and development through the activities. • Analyses and manipulates information to draw conclusions. • Applies initiative appropriately. • Assesses how different work-related contexts or constraints would change performance. • Reacts positively to changing work-related contexts • Operates ethically in work-related environments. • Takes decisions related to work contexts. • Applies divergent and lateral thinking in work-related contexts. • Understands interdependence. |
| Grading domain 4 | Indicative characteristics – merit | Indicative characteristics – distinction |
| Application of generic skills (Any learning outcome stem) | <ul style="list-style-type: none"> • Communicates effectively using appropriate behavioural and language registers. • Communicates with clarity and influence. • Makes judgements in contexts with explanations. • Explains how to contribute within a team. • Demonstrates positive contribution to team(s). • Makes adjustments to meet the needs/expectations of others (negotiation skills). • Selects and justifies solutions for specified problems. | <ul style="list-style-type: none"> • Presents self and communicates information to meet the needs of a variety of audience. • Identifies strategies for communication. • Shows innovative approaches to dealing with individuals and groups. • Takes decisions in contexts with justifications. • Produces outputs subject to time/resource constraints. • Reflects on own contribution to working within a team. • Generates new or alternative solutions to specified problems. • Explores entrepreneurial attributes. |

Annexe C

Personal, learning and thinking skills

A FRAMEWORK OF PERSONAL, LEARNING AND THINKING SKILLS 11–19 IN ENGLAND

The framework comprises six groups of skills that, together with the Functional Skills of English, mathematics and ICT, are essential to success in learning, life and work. In essence the framework captures the essential skills of: managing self; managing relationships with others; and managing own learning, performance and work. It is these skills that will enable young people to enter work and adult life confident and capable.

The titles of the six groups of skills are set out below.

For each group there is a focus statement that sums up the range of skills. This is followed by a set of outcome statements that are indicative of the skills, behaviours and personal qualities associated with each group.

Each group is distinctive and coherent. The groups are also inter-connected. Young people are likely to encounter skills from several groups in any one learning experience. For example an independent enquirer would set goals for their research with clear success criteria (reflective learner) and organise and manage their time and resources effectively to achieve these (self-manager). In order to acquire and develop fundamental concepts such as organising oneself, managing change, taking responsibility and perseverance, learners will need to apply skills from all six groups in a wide range of learning contexts 11–19.

The Skills

Independent enquirers

Focus:

Young people process and evaluate information in their investigations, planning what to do and how to go about it. They take informed and well-reasoned decisions, recognising that others have different beliefs and attitudes.

Young people:

- identify questions to answer and problems to resolve
- plan and carry out research, appreciating the consequences of decisions
- explore issues, events or problems from different perspectives
- analyse and evaluate information, judging its relevance and value
- consider the influence of circumstances, beliefs and feelings on decisions and events
- support conclusions, using reasoned arguments and evidence.

Creative thinkers

Focus:

Young people think creatively by generating and exploring ideas, making original connections. They try different ways to tackle a problem, working with others to find imaginative solutions and outcomes that are of value.

Young people:

- generate ideas and explore possibilities
- ask questions to extend their thinking
- connect their own and others' ideas and experiences in inventive ways
- question their own and others' assumptions
- try out alternatives or new solutions and follow ideas through
- adapt ideas as circumstances change.

Reflective learners

Focus:

Young people evaluate their strengths and limitations, setting themselves realistic goals with criteria for success. They monitor their own performance and progress, inviting feedback from others and making changes to further their learning.

Young people:

- assess themselves and others, identifying opportunities and achievements
- set goals with success criteria for their development and work
- review progress, acting on the outcomes
- invite feedback and deal positively with praise, setbacks and criticism
- evaluate experiences and learning to inform future progress
- communicate their learning in relevant ways for different audiences.

Team workers

Focus:

Young people work confidently with others, adapting to different contexts and taking responsibility for their own part. They listen to and take account of different views. They form collaborative relationships, resolving issues to reach agreed outcomes.

Young people:

- collaborate with others to work towards common goals
- reach agreements, managing discussions to achieve results
- adapt behaviour to suit different roles and situations, including leadership role
- show fairness and consideration to others
- take responsibility, showing confidence in themselves and their contribution
- provide constructive support and feedback to others.

Self-managers

Focus:

Young people organise themselves, showing personal responsibility, initiative, creativity and enterprise with a commitment to learning and self-improvement. They actively embrace change, responding positively to new priorities, coping with challenges and looking for opportunities.

Young people:

- seek out challenges or new responsibilities and show flexibility when priorities change
- work towards goals, showing initiative, commitment and perseverance
- organise time and resources, prioritising actions
- anticipate, take and manage risks
- deal with competing pressures, including personal and work-related demands
- respond positively to change, seeking advice and support when needed
- manage their emotions, and build and maintain relationships.

Effective participators

Focus:

Young people actively engage with issues that affect them and those around them. They play a full part in the life of their school, college, workplace or wider community by taking responsible action to bring improvements for others as well as themselves.

Young people:

- discuss issues of concern, seeking resolution where needed
- present a persuasive case for action
- propose practical ways forward, breaking these down into manageable steps
- identify improvements that would benefit others as well as themselves
- try to influence others, negotiating and balancing diverse views to reach workable solutions
- act as an advocate for views and beliefs that may differ from their own.

PLTS performance indicator (suggested recording sheet)

| | | | | | |
|---|---------------------------------------|---|---|---|---|
| Name: | Date: | | | | |
| | Level of success 1 = low, 5 = high | | | | |
| Independent enquirers | | | | | |
| Identify questions to answer and problems to resolve | 1 | 2 | 3 | 4 | 5 |
| Plan and carry out research, appreciating the consequences of decisions | 1 | 2 | 3 | 4 | 5 |
| Explore issues, events or problems from different perspectives | 1 | 2 | 3 | 4 | 5 |
| Analyse and evaluate information, judging its relevance and value | 1 | 2 | 3 | 4 | 5 |
| Consider the influence of circumstances, beliefs and feelings on decisions and events | 1 | 2 | 3 | 4 | 5 |
| Support conclusions, using reasoned arguments and evidence | 1 | 2 | 3 | 4 | 5 |

Wider curriculum mapping

Study of the Edexcel BTEC Level 3 Nationals in Beauty Therapy Techniques/Beauty Therapy gives learners opportunities to develop an understanding of spiritual, moral, ethical, social and cultural issues as well as an awareness of citizenship, environmental issues, European developments, health and safety considerations and equal opportunities issues.

The Edexcel BTEC Level 3 Nationals in Beauty Therapy Techniques/Beauty Therapy make a positive contribution to wider curricular areas as appropriate.

Spiritual, moral, ethical, social and cultural issues

The qualifications contribute to an understanding of:

- spiritual issues – for example how moral and ethical issues relate to client confidentiality and health and safety practices in beauty therapy
- social and cultural issues – for example dealing with a range of different clients and the impact of latest trends on beauty therapy treatments.

Citizenship issues

Learners undertaking the Edexcel BTEC Level 3 Nationals in Beauty Therapy Techniques/Beauty Therapy will have the opportunity to develop their understanding of citizenship issues, for example ways of communicating and behaving in a professional manner, and establishing a rapport with clients, as well as providing good customer service.

Environmental issues

Learners undertaking the Edexcel BTEC Level 3 Nationals in Beauty Therapy Techniques/Beauty Therapy will have the opportunity to develop their understanding of environmental issues, for example disposing of waste materials and the Control of Substances Hazardous to Health (COSHH) Regulations.

European developments

Much of the content of the Edexcel BTEC Level 3 Nationals in Beauty Therapy Techniques/Beauty Therapy applies throughout Europe even though delivery is in a UK context.

Health and safety considerations

The Edexcel BTEC Level 3 Nationals in Beauty Therapy Techniques/Beauty Therapy are practically based and health and safety issues are encountered throughout the units.

Equal opportunities issues

Equal opportunities issues are implicit throughout the Edexcel BTEC Level 3 Nationals in Beauty Therapy Techniques/Beauty Therapy.

Realistic Learning Environment

Units in the Edexcel BTEC Level 3 Subsidiary Diploma in Beauty Therapy Techniques/Diploma in Beauty Therapy should be delivered in a Realistic Learning Environment (RLE).

Requirements for a Realistic Learning Environment

Below are the requirements for a Realistic Learning Environment as laid out by the *Companion Document for The Diploma in Hair and Beauty Studies* (Version 2, January 2010).

- A Realistic Learning Environment must be established in schools, colleges, private training providers and other premises approved for the delivery and assessment of preparation for work type qualifications that contain a practical skills element.
- Approved centres must develop realistic management procedures that incorporate a salon image and a sales and marketing policy.
- The space per working area must conform to health and safety legislation and commercial practice.
- The range of services, professional products, tools, materials and equipment must be up to date and available for use. They must enable learners to meet the requirements of the relevant preparation for work qualification.
- A reception area where models are greeted and general enquiries and appointments can be made by telephone or in person must be available. Ideally, industry-specific ICT facilities should also be provided. The reception area must also include a payment facility (artificial money may be used).
- The RLE must take full account of any by-laws, legislation or local authority requirements that have been set down in relation to the type of work that is being carried out there.
- Learners must work in a professional manner taking into account industry establishment requirements, such as:
 - ◇ appearance and dress code
 - ◇ personal conduct
 - ◇ client service, hospitality and communication
 - ◇ hygiene
 - ◇ reliability
 - ◇ punctuality.

Examples of calculation of qualification grade above pass grade

Edexcel will automatically calculate the qualification grade for your learners when your learner unit grades are submitted.

The generic examples below demonstrate how the qualification grade above pass is calculated using the following two tables which are also shown in the section earlier on in the specification *Calculation of the qualification grades above pass grade*.

Points available for credits achieved at different QCF levels and unit grades

The table below shows the **number of points scored per credit** at the unit level and grade.

| Unit QCF level | Points per credit | | |
|----------------|-------------------|----------|-------------|
| | Pass | Merit | Distinction |
| Level 2 | 5 | 6 | 7 |
| Level 3 | 7 | 8 | 9 |
| Level 4 | 9 | 10 | 11 |

Learners who achieve the correct number of points within the ranges shown in the 'qualification grade' table below will achieve the qualification merit, distinction or distinction* grades (or combinations of these grades appropriate to the qualification).

Qualification grade

BTEC Level 3 Certificate

| Points range above pass grade | Grade | |
|-------------------------------|--------------|----|
| 230-249 | Merit | M |
| 250-259 | Distinction | D |
| 260 and above | Distinction* | D* |

BTEC Level 3 Subsidiary Diploma

| Points range above pass grade | Grade | |
|-------------------------------|--------------|----|
| 460-499 | Merit | M |
| 500-519 | Distinction | D |
| 520 and above | Distinction* | D* |

BTEC Level 3 Diploma

| Points range above pass grade | Grade |
|-------------------------------|-------|
| 880-919 | MP |
| 920-959 | MM |
| 960-999 | DM |
| 1000-1029 | DD |
| 1030-1059 | DD* |
| 1060 and above | D*D* |

BTEC Level 3 Extended Diploma

| Points range above pass grade | Grade |
|-------------------------------|--------|
| 1300-1339 | MPP |
| 1340-1379 | MMP |
| 1380-1419 | MMM |
| 1420-1459 | DMM |
| 1460-1499 | DDM |
| 1500-1529 | DDD |
| 1530-1559 | DDD* |
| 1560-1589 | DD*D* |
| 1590 and above | D*D*D* |

Example 1

Achievement of pass qualification grade

A learner completing a 30-credit Edexcel BTEC Level 3 Certificate **does not** achieve the points required to gain a merit qualification grade.

| | Level | Credit | Grade | Grade points | Points per unit = credit x grade |
|-----------------------------------|-------|-----------|-------------|--------------|----------------------------------|
| Unit 1 | 3 | 10 | Pass | 7 | $10 \times 7 = 70$ |
| Unit 2 | 3 | 10 | Pass | 7 | $10 \times 7 = 70$ |
| Unit 3 | 3 | 10 | Merit | 8 | $10 \times 8 = 80$ |
| Qualification grade totals | | 30 | Pass | | 220 |

Example 2

Achievement of merit qualification grade

A learner completing a 30-credit Edexcel BTEC Level 3 Certificate achieves the points required to gain a merit qualification grade.

| | Level | Credit | Grade | Grade points | Points per unit = credit x grade |
|-----------------------------------|-------|--------|--------------|--------------|-------------------------------------|
| Unit 1 | 3 | 10 | Pass | 7 | $10 \times 7 = 70$ |
| Unit 2 | 3 | 10 | Merit | 8 | $10 \times 8 = 80$ |
| Unit 3 | 3 | 10 | Merit | 8 | $10 \times 8 = 80$ |
| Qualification grade totals | | | Merit | | 230 |

Example 3

Achievement of distinction qualification grade

A learner completing a 60-credit Edexcel BTEC Level 3 Subsidiary Diploma achieves the points required to gain a distinction qualification grade.

| | Level | Credit | Grade | Grade points | Points per unit = credit x grade |
|-----------------------------------|-------|-----------|--------------------|--------------|-------------------------------------|
| Unit 1 | 3 | 10 | Merit | 8 | $10 \times 8 = 80$ |
| Unit 2 | 3 | 10 | Distinction | 9 | $10 \times 9 = 90$ |
| Unit 3 | 3 | 10 | Distinction | 9 | $10 \times 9 = 90$ |
| Unit 5 | 3 | 10 | Merit | 8 | $10 \times 8 = 80$ |
| Unit 6 | 2 | 10 | Distinction | 7 | $10 \times 7 = 70$ |
| Unit 11 | 3 | 10 | Distinction | 9 | $10 \times 9 = 90$ |
| Qualification grade totals | | 60 | Distinction | | 500 |

Example 4

Achievement of distinction merit qualification grade

A learner completing a 120-credit Edexcel BTEC Level 3 Diploma achieves the points required to gain a distinction merit qualification grade.

| | Level | Credit | Grade | Grade points | Points per unit = credit x grade |
|-----------------------------------|-------|------------|--------------------------|--------------|-------------------------------------|
| Unit 1 | 3 | 10 | Merit | 8 | $10 \times 8 = 80$ |
| Unit 2 | 3 | 10 | Distinction | 9 | $10 \times 9 = 90$ |
| Unit 3 | 3 | 10 | Distinction | 9 | $10 \times 9 = 90$ |
| Unit 4 | 3 | 10 | Merit | 8 | $10 \times 8 = 80$ |
| Unit 5 | 3 | 10 | Merit | 8 | $10 \times 8 = 80$ |
| Unit 6 | 2 | 10 | Distinction | 7 | $10 \times 7 = 70$ |
| Unit 11 | 3 | 10 | Distinction | 9 | $10 \times 9 = 90$ |
| Unit 15 | 4 | 10 | Merit | 10 | $10 \times 10 = 100$ |
| Unit 17 | 3 | 10 | Pass | 7 | $10 \times 7 = 70$ |
| Unit 18 | 3 | 10 | Pass | 7 | $10 \times 7 = 70$ |
| Unit 25 | 3 | 20 | Merit | 8 | $20 \times 8 = 160$ |
| Qualification grade totals | | 120 | Distinction Merit | | 980 |

Example 5

Achievement of merit merit merit qualification grade

A learner completing a 180-credit Edexcel BTEC Level 3 Extended Diploma achieves the points required to gain a merit merit merit qualification grade.

| | Level | Credit | Grade | Grade points | Points per unit = credit x grade |
|-----------------------------------|-------|------------|----------------------------------|--------------|-------------------------------------|
| Unit 1 | 3 | 10 | Merit | 8 | $10 \times 8 = 80$ |
| Unit 2 | 3 | 10 | Pass | 7 | $10 \times 7 = 70$ |
| Unit 3 | 3 | 10 | Distinction | 9 | $10 \times 9 = 90$ |
| Unit 4 | 3 | 10 | Merit | 8 | $10 \times 8 = 80$ |
| Unit 5 | 3 | 10 | Pass | 7 | $10 \times 7 = 70$ |
| Unit 6 | 2 | 10 | Distinction | 7 | $10 \times 7 = 70$ |
| Unit 11 | 3 | 10 | Distinction | 9 | $10 \times 9 = 90$ |
| Unit 12 | 3 | 10 | Merit | 8 | $10 \times 8 = 80$ |
| Unit 15 | 4 | 10 | Pass | 9 | $10 \times 9 = 90$ |
| Unit 17 | 3 | 10 | Pass | 7 | $10 \times 7 = 70$ |
| Unit 18 | 3 | 10 | Pass | 7 | $10 \times 7 = 70$ |
| Unit 20 | 3 | 10 | Pass | 7 | $10 \times 7 = 70$ |
| Unit 22 | 3 | 10 | Merit | 8 | $10 \times 8 = 80$ |
| Unit 25 | 3 | 20 | Pass | 7 | $20 \times 7 = 140$ |
| Unit 35 | 3 | 10 | Distinction | 9 | $10 \times 9 = 90$ |
| Unit 36 | 3 | 10 | Merit | 8 | $10 \times 8 = 80$ |
| Unit 38 | 3 | 10 | Distinction | 9 | $10 \times 9 = 90$ |
| Qualification grade totals | | 180 | Merit Merit Merit | | 1410 |
