

Statement of Purpose

500/6750/3 – Pearson BTEC Level 3 Subsidiary Diploma in Business (QCF)

The UK is the 6th largest economy in the world, consisting of micro, small, medium and large businesses and organisations operating across the private, public and third sectors and employing 29.7 million people. The CBI's Education and Skills Survey 2013 revealed self-management, business and customer awareness, team-working and problem-solving as key attributes that employers look for in potential employees. As the UK's economy rebalances following the financial crash of 2008 and businesses adapt to the disruption and opportunities presented by emerging technologies, there are many opportunities for entrepreneurs and employees with a sound understanding of finance, marketing, sales and management.

The Pearson BTEC Level 3 Subsidiary Diploma (360 GLH) in Business is part of a larger suite of Business qualifications, in a range of sizes, which share the common purpose of helping people to become occupationally ready to take up employment in business at the appropriate level. This can follow either directly after achieving the qualification, or via the stepping stone of Higher Education (HE) in university or college. By studying a BTEC National, learners develop knowledge, understanding and skills required by the sector, including essential employability skills, and apply them in real work contexts. Learners can operate at a standard that can reasonably be expected of an 18 year old in full-time education.

The Pearson BTEC Level 3 Subsidiary Diploma in Business (360 GLH) is primarily an Applied General qualification, equivalent in size to an A level, which has been designed to occupy one third of the curriculum within a broader programme of study, which could include other vocational or academic qualifications. Its main purpose is to allow learners to develop the core specialist knowledge, understanding and skills, including the business environment and marketing, required by the sector. It provides a basis for progression into a broad range of roles within the sector when supported by relevant qualifications at level 2, such as GCSE English and mathematics, and/or at level 3, such as GCE A Level Geography and/or a Pearson BTEC Level 3 Subsidiary Diploma in IT. Learners have some opportunity to study in more depth a range of option areas of their choice including:

- management accounting
- internet marketing
- recruitment and selection.

As the qualification was designed in close collaboration with industry, it is fully supported by the Sector Skills Council (SSC) for the sector, Skills CFA. A range of professional organisations/employers in the sector has also confirmed their support for this Pearson BTEC Level 3 Subsidiary Diploma in Business. This means it is a highly respected route for those who wish to move into employment in the sector, either directly or following further study.

A significant proportion of recruitment in this sector is at graduate level. The Pearson BTEC Level 3 Subsidiary Diploma in Business also provides a well-established route into a variety of specialist Higher Education (HE) courses in this sector, when taken alongside other qualifications appropriate for the desired course of study. UCAS has reviewed the qualification to assess its value for access to higher education, and has allocated UCAS points. See details published on the Pearson website here:
