Dear Adam

500/7841/0	Pearson BTEC Level 3 Subsidiary Diploma in Engineering (QCF)

500/8097/0	Pearson BTEC Level 3 Extended Diploma in Electrical/Electronic Engineering (QCF)

NSARE is an independent company wholly owned by its 294 Member organisations. Developed by the industry for the industry, it is truly employer-led and is the only dedicated pan-industry skills body operating within the sector. The NSARE Board comprises 18 pan-industry Directors representing about 300 employers.

NSARE does not deliver training but works with employers to understand their skills needs, with training providers to ensure they are delivering what the industry needs, and with other stakeholders, to make sure that the industry has people with the right skills.

We believe that these qualifications develop and confirm specialist knowledge and skills in the sector, to a standard that can be reasonably expected of an 18 year old in full time education. The qualifications will give students an advantage when applying for related jobs or further training.

We are happy for the company's name and web address to be made available on the DfE and Pearson websites to confirm that we recognise the qualifications.

Yours sincerely

Gil Howarth
