

BTEC Level 3 Nationals in Health and Social Care

Get ready for external assessment

**Your quick-reference support guide for teachers
and tutors**

Why have we created this guide?

We have created this easy-to-use guide to bring together details of all the support materials and key information you can use to help prepare your learners for the external assessments in the Health and Social Care sector, provided at a unit level. You may need your Edexcel Online login details in order to access some of the materials which are listed in the following pages.

We have also included details of forthcoming support.

We would also suggest that you refer to the Instructions for Conducting External Assessments document. This guide provides you with the information you need to carry out external assessments for BTEC Nationals. It takes you through: what you need to do; who's responsible at each stage and; gives additional advice and guidance around best practice. This document can be found [here](#).
