Teaching Computing and IT at Level 3?
Choose BTEC Nationals
Welcome to your Guide to BTEC Level 3 Nationals in:

- **Information Technology**
- **Computing**

Your guide includes everything you need to know about BTEC Level 3 Nationals Computing and IT qualifications, why universities and employers are so excited about BTEC qualifications, and why around 1 in 4 students entering university in the UK do so with a BTEC.*

The skills to succeed – the confidence to progress
Why choose BTEC Nationals?
Young people taking their first steps towards a new career need the right blend of technical and academic skills in order to become the highly skilled, work-ready individuals employers and universities look for.

BTEC Level 3 Nationals are vocational qualifications designed to help your learners succeed. They have been developed in collaboration with over 5,000 universities, employers and professional bodies with employability at the heart, so your learners can develop the skills and confidence they will need to step into their future.

What’s new
Your new BTEC Level 3 Nationals qualifications take a unit-by-unit approach and provide you learners with practical, work-related courses. They offer:

Combination of assessment styles
Learners can demonstrate their knowledge, skills and understanding through work-related contexts. (see page 22 for details).

Large foundation of mandatory units
Universities and employers have evidence of a consistent level of core knowledge and skills.

Comprehensive support
We’ve listened to feedback and put together our most comprehensive support package yet. (see pages 14–21 for details).

The skills to succeed – the confidence to progress
BTEC courses give you real, hands-on experience. It’s what I call ‘learning by doing’ and gives you the skills today’s employers are looking for.

Peter Jones CBE, Entrepreneur

The route to success

After 30 years of proven success, more and more employers and Higher Education institutions across the globe are choosing BTEC-qualified candidates for their practical knowledge and employability skills.

More than a million learners choose BTEC each year.

BTEC Level 3 Nationals provide your learners with:

- modern, work-related qualifications with clear purpose and defined progression routes into higher education or employment
- the help they need to develop high-level skills employers and universities look for such as teamwork, creative thinking and presentation skills
- the opportunity to build independent research and study skills essential for success at university and in the work-place.

Find out why Peter Jones and our other ambassadors choose BTEC at quals. pearson.com/BTECsuccess17guide.

Did you know...

4 out of 5 BTEC students go on to receive a First or Second class degree
(The outcomes associated with the BTEC route of degree level acquisition, London Economics 2013)

37% of businesses prefer recruits to hold a mix of academic and vocational qualifications or value them equally

The skills to succeed – the confidence to progress
Your BTEC Nationals Computing and IT qualifications explained

BTEC Level 3 Nationals Computing and IT courses offer a flexible range of qualifications that can be studied alongside other level 3 qualifications such as A levels or other BTEC Nationals as part of a larger programme of study, or as the main focus of study.

- They are designed for Post-16 Level 3 learners wishing to go on to further or higher level study of the sector or directly to employment.
- All sizes attract UCAS points and are widely recognised by universities and employers.

The following qualifications are available for your learners:

- Computing
- Information Technology

Find out more
The following pages provide you with an overview of each course. For full details or to download your specifications please go to quals.pearson.com/BTECNats16and17Guide

Applied General qualifications

For learners progressing to their career through higher level study, although they could go directly into employment at the end of the course. They will have the opportunity to:

- choose between different qualification sizes so they have the option to study full or part–time or take a BTEC alongside other level 3 qualifications such as A levels.
- develop transferable knowledge and skills.

Tech Level qualifications

For learners wishing to progress directly to employment or apprenticeships through specialist study, or choose to go on to higher level study. They will have the opportunity to:

- choose between different qualification sizes so they have the option to study full or part–time or take a BTEC alongside other level 3 qualifications such as A levels.
- equip themselves with specialist knowledge and skills for their chosen career path.
- develop transferable knowledge and skills.

The skills to succeed – the confidence to progress
## Computing

Your BTEC Level 3 Nationals in Computing are Applied General-style qualifications and provide:

### Certificate 180 GLH
- Same size as 0.5 A level
- Applied General
- Total units: 2
  - 2 Mandatory Units

**Purpose:**
- An introduction to the computing sector through applied learning
- Supports progression to higher education when taken as part of a study program that includes other vocational or general qualifications

### Extended Certificate 360 GLH
- Same size as 1 A level
- Applied General
- Total units: 4
  - 3 Mandatory Units
  - PLUS 1 Optional Unit*

**Purpose:**
- Supports progression to higher education.
- Intended to be taken as part of a study program that includes other appropriate qualifications

### Foundation Diploma 510 GLH
- Same size as 1.5 A levels
- Applied General
- Total units: 6
  - 4 Mandatory Units
  - PLUS 2 Optional Units*

**Purpose:**
- Designed to support learners who wish to study computing as a 1 year full-time course
- Can also be taken alongside another study as a 2 year full-time study program which supports progression to higher education

### Diploma 720 GLH
- Same size as 2 A levels
- Applied General
- Total units: 8
  - 6 Mandatory Units
  - PLUS 2 Optional Units*

**Purpose:**
- Designed to support learners who want an in-depth study of the computing sector as part of a 16-19 study program
- The program may include other BTEC Nationals or A Levels to support progression to higher education

### Extended Diploma 1080 GLH
- Same size as 3 A levels
- Applied General
- Total units: 13
  - 7 Mandatory Units
  - PLUS 6 Optional Units*

**Purpose:**
- Designed to support learners who are interested in a 2 year full-time course
- Supports progression to either higher education or employment in the computing sector

### Diploma 720 GLH (Tech Level)
- Same size as 2 A levels
- Tech Level
- Total units: 10
  - 6 Mandatory Units
  - PLUS 4 Optional Units*

**Purpose:**
- Designed to support learners who want an in-depth study of the computing sector as part of a 16-19 study program
- The programme may include other BTEC Nationals or A Levels to support progression to higher education

---

*please see specification for details of all Optional Units available.

Information correct at time of publication – please see specification for latest information.

Information Technology

Your BTEC Level 3 Nationals in Information Technology are Applied General-style qualifications and provide:

- **flexibility** for your students to progress to larger-size qualifications or specialise
- **opportunity** for students to showcase their skills through **practical assessments**
- **the underpinning knowledge and skills** needed to meet industry requirements

### Certificate 180 GLH
- Same size as 0.5 A level
- Applied General
- Total units: 2
  - 2 Mandatory Units

**Purpose:**
- Designed for learners who are interested in a basic introduction to the study of IT alongside other fields of study
- Offers progression to higher education courses

### Extended Certificate 360 GLH
- Same size as 1 A level
- Applied General
- Total units: 4
  - 3 Mandatory Units
  - PLUS 1 Optional Unit*

**Purpose:**
- Designed for learners who are interested in an introduction to the study of creating IT systems to manage and share information, alongside other fields of study
- Offers progression to higher education courses

### Foundation Diploma 510 GLH
- Same size as 1.5 A levels
- Applied General
- Total units: 6
  - 4 Mandatory Units
  - PLUS 2 Optional Units*

**Purpose:**
- Designed to support learners who wish to study IT as a 1 year full-time course
- Can also be taken alongside another area of study as part of a 2 year full-time study program which supports progression to higher education

### Diploma 720 GLH
- Same size as 2 A Levels
- Applied General
- Total units: 8
  - 6 Mandatory Units
  - PLUS 2 Optional Units*

**Purpose:**
- Designed to be studied over 2 years and carries UCAS tariff points.
- Supports progression to higher education

### Extended Diploma 1080 GLH
- Same size as 3 A Levels
- Applied General
- Total units: 13
  - 7 Mandatory Units
  - PLUS 6 Optional Unit*

**Purpose:**
- Designed to be studied over 2 years and carries UCAS tariff points
- Fully meets entry requirements for progression to a degree course in IT and related subjects

*please see specification for details of all Optional Units available.

Information correct at time of publication – please see specification for latest information.

The skills to succeed – the confidence to progress
Course materials

BTEC Level 3 Nationals in Computing and IT have a comprehensive range of FREE course materials available to help with planning and teaching, as well as assessing and tracking progress of your learners.

Find out more
For full details of all the support available please see website:

Information Technology
quals.pearson.com/BTECNatsIT16Guide

The skills to succeed – the confidence to progress

Plan
We've a bank of support materials designed to help you choose and plan the right course for your learners including:
- Specifications
- Sample Assessment Materials
- Delivery plans
- mBTEC planning tool
- Authorised Assignment Briefs
- Getting Ready to Teach free events

Teach
You'll also find a wide range of teaching and learning materials to help you deliver your course such as:
- Delivery guides
- Schemes of work for certain units
- Skills for Learning and Work Activity Sheets
- Training events
- Published resources

Assess and Track
There's also a selection of resources designed to help you prepare for assessment and track learner progress:
- Sample assessment material
- Sample marked learner work
- Authorised Assignment Briefs
- Quality Assurance guides
- myBTEC progress tracking

Find out more
• See page 19 for full details about free training events
• Download your specifications at: quals.pearson.com/BTECNatsIT16Guide
Published resources (paid-for)

We know it can be time-consuming and tricky to create lessons that work for each of your students, stretching the more able and supporting lower ability. That’s why our resources are built around established pedagogical principles, to give your students targeted support and help them improve their understanding and progress.

This pedagogy runs through the:

Student Book: features throughout help learners to build knowledge, understand how to excel in assessment, reflect and evaluate learning, and link their learning to real-life workplace scenarios

Teaching Pack: additional front-of-class support, with all materials differentiated to suit each of your learners.

Student books with ActiveBook

- Help learners develop and apply principles and practical knowledge
- Include preparation for assessment
- Encourage self-evaluation
- Accompanied by an ActiveBook (online versions of the Student Books)
- There are two student books available, one for Information Technology and one for Computing

You do not need to purchase resources in order to deliver these qualifications.

Resources built around learning principles you can trust

Information Technology Teaching packs (via ActiveLearn Digital Service)

- Include an online version of the Information Technology student book
- Provide continuous support through planning and delivery
- Include interactive activities, presentations and tools to structure lessons
- Delivered through our ActiveLearn Digital Service at www.pearsonfe.co.uk/ALDS

Revision guides and workbooks

- Help learners prepare for external assessment
- Information Technology and also Computing Revision Guides are available for classroom or independent study
- Revision Workbooks are available for Information Technology and for Computing to help learners to test their own knowledge and skills

Training

We offer a range of events to help you in every aspect of planning, teaching and assessing your BTEC courses.

To make it as easy as possible for you to benefit from our training, many of our face-to-face events are available as online sessions, and you can request any of our events to be delivered as paid-for events in your centre.

Our programme of events:

- make it easy for you to access BTEC training how, when and where you need it.
- offer qualification-based and role-based courses so you can choose which event is right for you.
- are delivered by experts passionate about training.
- provide opportunities to share ideas and best practice.

What’s more, our flexible range of high quality training events not only support your delivery of BTEC courses, but also help towards your continued professional development.

MyBTEC

We know that as a teacher workload can be an issue, that’s why to help you save time we have designed myBTEC, a unique free service that aims to reduce your admin workload.

What myBTEC can do for you:

- Saves you time – for example when Internally Verifying an assignment brief, at least 50% of the questions are answered for you
- Reduces your workload – for example your assessment plan is produced automatically from your assignment briefs in myBTEC
- Automatic grade tracking calculations, so you know your students are on track
- Easily export and download all documents, information and results
- Give you the complete visibility of all courses, assessment, internal verification and results at your centre, so you can check progress at anytime.

Simply login at mybtec.pearson.com with your Edexcel online details.

The skills to succeed – the confidence to progress
Admin support

New to BTEC?
If you’re thinking about teaching BTEC Nationals and want to know more about what’s involved and the support we can provide see our step-by-step guides at quals.pearson.com/stepbystepBTEC.

We’ve included guidance on:
- How to get started
- Building your BTEC team
- Quality assurance
- Internals assessment
- External assessment

Already teaching BTEC?
Remember you can find detailed information about key BTEC processes, forms and guidance materials quals.pearson.com/BTECsupport.

You’ll also find all of the essential tools and forms on each of our dedicated qualifications pages, alongside your specifications and any additional resources specific to your BTEC.

Specialist help and advice

You also have access to specialist support and advice from our Computing and IT subject advisor Tim Brady.

Tim will be happy to help with any questions you may have about your BTEC Level 3 Computing and IT qualifications.

The skills to succeed – the confidence to progress
Assessment and Grading

Types of assessment
Your BTEC Level 3 Nationals Computing and Information Technology qualifications take a unit-by-unit approach and offer a combination of assessment styles. This gives your learners the opportunity to showcase their skills and apply their knowledge in an appropriate, work-related context, and provides evidence of what they can do when they apply to enter higher education or employment.

A learner’s final qualification grade reflects their achievements across units in their BTEC Nationals course. Both internally and externally assessed units are individually graded, and each final unit grade is allocated points.

<table>
<thead>
<tr>
<th>Assignments (internally assessed)</th>
<th>Tasks (externally assessed)</th>
<th>Written Exams (externally assessed)</th>
</tr>
</thead>
<tbody>
<tr>
<td>Set and marked by: Centre</td>
<td>Set and marked by: Pearson</td>
<td>Set and marked by: Pearson</td>
</tr>
<tr>
<td>Verified by: Pearson</td>
<td>For written exams, learners draw on essential information to create written answers to practical questions in exam conditions.</td>
<td>For written exams, learners draw on essential information to create written answers to practical questions in exam conditions.</td>
</tr>
<tr>
<td>Assignments are practical tasks set in work-related scenarios that can be tailored to local industry needs for your learners. Learners demonstrate how they apply knowledge and skills to complete a practical project over a period of time, working individually or in groups.</td>
<td>Tasks are practical work-related scenarios completed in realistic, time-based situations. They are completed in controlled conditions and some tasks have pre-released information. Learners demonstrate how to apply learning to common workplace or HE scenarios. Tasks provide evidence of a consistent standard of assessment for all BTEC learners.</td>
<td>Learners demonstrate how to apply learning to common workplace or HE scenarios. Tasks provide evidence of a consistent standard of assessment for all BTEC learners.</td>
</tr>
</tbody>
</table>

The skills to succeed – the confidence to progress

Grading
A learner's final qualification grade reflects their achievements across units in their BTEC Nationals course.

Both internally and externally assessed units are individually graded, and each final unit grade is allocated points.

- Internally assessed units are marked and graded in the Centre (school, college or training provider) and subject to external verification by Pearson.
- Externally assessed units are marked and graded by Pearson.
- Units are graded Pass, Merit or Distinction with points between grades also recognised for external units. Total points scored across all units are used to calculate the final qualification grade.

<table>

We’ve also developed a range of new BTEC qualifications for Level 1 and Level 2 learners.

For Level 1 post-16 Learners

BTEC Level 1 Introductory qualifications
Graded, unit-based qualifications designed to develop transferable and sector skills so your post-16 learners can progress to further study, apprenticeships or training. BTEC Level 1 Introductory qualifications for IT sectors include:

Information Technology
Vocational Studies

Find out more
Download your specifications at: quals.pearson.com/BTECL1IntroGuide

The skills to succeed – the confidence to progress

For Level 2 post-16 learners

BTEC Level 2 Technicals
Designed to give post-16 learners real hands-on practical experience to master the skills they will need to succeed in their career or higher level study. Qualifications for IT sectors include:

- IT Support
- Digital Technology – Data Management
- Digital Technology – Digital Applications
- Digital Technology – Networking and Cybersecurity
