Dear James

**Letter of Recognition – BTEC National Diplomas (Land-Based Technology)**

As the Trade Association representing agricultural and garden machinery dealers in the land based engineering sector, we recognise the following qualifications as being fit for purpose:

601/0565/3 - Pearson BTEC Level 3 90-credit Diploma in Land-based Technology (QCF)  
501/0314/3 - Pearson BTEC Level 3 Subsidiary Diploma in Land-based Technology (QCF)  
501/0299/0 - Pearson BTEC Level 3 Diploma in Land-based Technology (QCF)  
501/0236/9 - Pearson BTEC Level 3 Extended Diploma in Land-based Technology (QCF)

We believe that these qualifications develop and confirm specialist knowledge and skills in the sector, to a standard that can be reasonably expected of an 18 year old in full time education.

The qualifications will give students an advantage when applying for related jobs or further training.

We are happy for BAGMA's company name and web address to be made available on the DfE and Pearson websites to confirm that we recognise the qualifications.

Yours sincerely

Keith Christian  
Director
