Dear Toby

Letter of support for the Pearson *BTEC level 3 National Extended Certificate in Sound Engineering*

Charanga's suite of programmes for primary, secondary and instrumental teaching and learning are the UK's most popular school music programmes with 1 in 3 schools now using them. Cloud-based, interactive, modern and progressive the primary and SEND programmes include a full Scheme of Work, topics, song bank and instrumental courses.

As an employer in the sector, we recognise the following qualification as being fit for purpose:

Pearson *BTEC level 3 National Extended Certificate in Sound Engineering*

We confirm that this qualification will provide learners with the specialist knowledge, and give them the opportunities to develop the skills and behaviours that employers in the industry are looking for.

The qualification ensures that the learner can demonstrate relevant skills, behaviours and knowledge to progress to employment as a Live Music assistant, Junior sound engineer.

The qualification will also support the individual, should they chose to progress into further training, via a level 3 qualification or an apprenticeship, and is a good preparation for either progression route.

Yours sincerely

Paul Fletcher
Managing Director,
Charanga Ltd
