

Erratum Notification

Edexcel BTEC Level 3 in Music and Music Technology

The specification and units published on the Edexcel website have the following errors:

The structure for the BTEC Level 3 Subsidiary Diploma in Music Technology should include unit 3 Audio Engineering Principles in the Optional units.

Unit 6: Classical Music in Practice

All references to renaissance, baroque, romantic and classical on pages 1, 2, 4, and 6 should be lower case.

Unit 21: Music in the Community has an incorrect assessment and grading criteria grid.

D3 currently reads:

Participate in the planning and delivery of a community music project that innovatively and with some independence

This now reads:

Participate in the planning and delivery of a community music project with independence

Unit 39: The Sound and Music Industry

In the Unit content for Learning Outcome 4: Know the importance of royalties in the sound and music industry, PRS for Music should be included as the first mandatory element in the sub-heading *Royalties*

Unit 42: Singing Techniques and Performance has an incorrect assessment and grading criteria grid.

M5 currently reads:

Design a programme of songs taking into account the own vocal ability

This now reads:

Design a programme of songs taking into account own vocal ability

Revised versions of the specification and units 6, 21, 39 and 42 have replaced the current versions on the website.
