Paper reference **31525H**

Sport

UNIT 2: Fitness Training and Programming for Health, Sport and Wellbeing

Part A

You do not need any other materials.

Instructions

- Your Unit 2 assessment task contains two parts.
- **Part A** will contain a case study based on an individual who requires guidance on training, lifestyle and nutrition, on which secondary research will be conducted.
- **Part A** is specific to each series and this material must only be issued to learners who have been entered to undertake the task in the relevant series.
- We suggest that you spend no more than 4 hours independently conducting your research and making notes.
- You can take a maximum of four A4 sides of your research notes into the supervised assessment session (**Part B**).
- In **Part B**, you will be issued with supplementary stimulus information building on the case study information in **Part A**.
- In **Part B**, you will have 2 hours and 30 minutes under supervised conditions specified by Pearson to respond to the task.
- Do not return research notes or **Part A** to Pearson.
- **Part B** should be kept securely until the start of the 2 hours and 30 minutes supervised assessment period.

Instructions to Teachers/Tutors

This paper must be read in conjunction with the unit information in the specification and the BTEC Nationals *Instructions for Conducting External Assessments* (ICEA) document. See the Pearson website for details.

Learners have 4 hours from the release date and before the supervised assessment (**Part B**) to carry out research.

This can be done across multiple sessions.

Learners will be expected to conduct research over a maximum of 4 hours. Up to four sides of A4 notes (minimum font size 11) can be taken into the supervised assessment (**Part B**).

Teachers/tutors cannot give any support to learners during the production of the notes and the work must be completed independently by the learner.

Part B is taken under supervision in a single session of 2 hours and 30 minutes on the timetabled date.

Guidance for Learners

Read **Part A** information carefully as this contains the information you will need to prepare for **Part B**.

You will need to carry out your own research.

You will then be given **Part B** to complete under supervised conditions.

You must work independently and must not share your work with other learners.

Your teacher/tutor cannot give you feedback during the completion of **Part A** and **Part B**.

Part A Instructions

You are required to prepare notes in response to the information provided in the case study in **Part A**.

The notes can be handwritten or typed and they must contain bullet points and not extended answers. Other content is not permitted.

Part A

Case study

Zara is 24 years old. She used to be a goalkeeper for a football team but she stopped playing football 5 years ago. Because Zara has recently been watching her role models on television she now wants to start playing football again.

Zara has decided to join a new football team that is approximately 2 miles from her home. The team trains twice per week and competes in matches on Saturdays.

The coach has watched Zara play and he thinks Zara could be an important player for the team this season. All new players must have a full health screening assessment.

Zara is very excited about playing for a football team again, but she is worried about her poor fitness levels and reaction time. Her aim is to increase both her physical fitness and her skill-related fitness, so that she will play well for her new team this season.
