UNIT 2: Fitness Training and Programming for Health, Sport and Wellbeing

Part A

You do not need any other materials.

Instructions

- Your Unit 2 assessment task contains two parts.
- **Part A** will contain a case study based on an individual who requires guidance on training, lifestyle and nutrition, on which secondary research will be conducted.
- **Part A** is specific to each series and this material must only be issued to learners who have been entered to undertake the task in the relevant series.
- We suggest that you spend no more than four hours independently conducting your research and making notes.
- You can take a maximum of four A4 sides of your research notes into the supervised assessment session (**Part B**).
- In **Part B**, you will be issued with supplementary stimulus information building on the case study information in **Part A**.
- In **Part B**, you will have 2 hours and 30 minutes under supervised conditions specified by Pearson to respond to the task.
- Do not return research notes or **Part A** to Pearson.
- **Part B** should be kept securely until the start of the 2 hours and 30 minutes supervised assessment period.

Instructions to Teachers/Tutors

This paper must be read in conjunction with the unit information in the specification and the BTEC Nationals *Instructions for Conducting External Assessments* (ICEA) document. See the Pearson website for details.

Learners have four hours from the release date and before the supervised assessment (**Part B**) to carry out research.

This can be done across multiple sessions.

Learners will be expected to conduct research over a maximum of four hours. Up to four sides of A4 notes (minimum font size 11) can be taken into the supervised assessment (**Part B**).

Teachers/tutors cannot give any support to learners during the production of the notes and the work must be completed independently by the learner.

Part B is taken under supervision in a single session of 2 hours and 30 minutes on the timetabled date.

Guidance for Learners

Read **Part A** information carefully as this contains the information you will need to prepare for **Part B**.

You will need to carry out your own research.

You will then be given **Part B** to complete under supervised conditions.

You must work independently and must not share your work with other learners.

Your teacher/tutor cannot give you feedback during the completion of **Part A** and **Part B**.

Part A Instructions

You are required to prepare notes in response to the information provided in the case study in **Part A**.

The notes can be handwritten or typed and they must contain bullet points and not extended answers. Other content is not permitted.

Part A

Case study

Anton is 20 years old and is a full-time student. Anton has been competing for his local athletics club as a long-distance runner for the last three years. He has won many regional and national competitions.

Anton enjoys the different competitions and has ambitions to compete in the Olympic Games in the future. Anton's coach has said that Anton needs to be stricter with his lifestyle choices if he is to compete in the Olympics.

Anton has decided to compete in his first marathon in six months' time. The marathon will be the longest distance Anton has ever competed in. Anton's coach has advised him to have a full health screening assessment before he starts to train for the marathon.

Anton's long-term goal is to compete in the Olympics as a marathon runner.
