Sport

Why have we created this guide?

We have created this easy-to-use guide to bring together details of all the support materials and key information you can use to help prepare your learners for the external assessments in the Sport sector, provided at a unit level. You may need your Edexcel Online login details in order to access some of the materials which are listed in the following pages.

We have also included within this guide a list of any changes from previous assessment windows which you should be aware of and included details of forthcoming support.

We would also suggest that you refer to the Instructions for Conducting External Assessments document. This guide provides you with the information you need to carry out external assessments for BTEC Nationals. It takes you through: what you need to do; who's responsible at each stage and; gives additional advice and guidance around best practice. This document can be found [here](#).

Key changes to be aware of...

Improvement to Sample Assessment Materials

After listening to feedback from schools and colleges following the summer 2017 exam series, we've reviewed the number of marks and styles of questions for **Unit 1: Anatomy and Physiology**.

What has changed?

Number of questions and marks: We've reduced the number of questions which will mean learners are better able to complete the assessment in the allocated time. As a result of this change, the total for the paper has been reduced by 10 marks.

Do the changes apply immediately?

Yes – these changes are now live and were applied to the January 2018 assessments onwards.

Will this mean changes to teaching and learning completed for these units so far?

There shouldn't be any impact on the preparation you have done so far for this unit as these changes only affect the number of questions and marks in the assessment.
