07 September 2015

Dear Mr Anderson

As a Higher Education Institution, we will recognise the following qualifications as fulfilling entry requirements to a range of our higher education courses in related subject areas, where offered alongside an A-level in Mathematics:

Pearson BTEC Level 3 National Extended Diploma in Computing  
Pearson BTEC Level 3 National Diploma in Computing  
Pearson BTEC Level 3 National Foundation Diploma Certificate in Computing  
Pearson BTEC Level 3 National Extended Certificate in Computing

Pearson BTEC Level 3 National Extended Diploma in Information Technology  
Pearson BTEC Level 3 National Diploma in Information Technology  
Pearson BTEC Level 3 National Foundation Diploma Certificate in Information Technology  
Pearson BTEC Level 3 National Extended Certificate in Information Technology

We particularly welcome the inclusion of external assessment in these qualifications.

In the past, we have recruited students with Pearson BTEC National qualifications in Computing and IT, when completed in combination with an A-level Mathematics, on to our degree programmes in Computer Science and Software Engineering.

I am happy for this letter to be made public on the Pearson websites to confirm our support for the qualifications.

Yours sincerely

Lynsey Hopkins  
Head of Admissions
