A large circular graphic composed of concentric rings. The rings are filled with a colorful, abstract pattern of overlapping shapes in shades of red, orange, yellow, green, blue, and purple. A solid purple wedge-shaped section is missing from the top right of the circle. A dark green rectangular box is overlaid on the right side of the circle, containing white text.

Why choose BTEC Nationals?

Young people taking their first steps towards a new career need the right blend of **technical and academic skills** in order to become the highly skilled, work-ready individuals employers and universities look for.

BTEC Level 3 Nationals are vocational qualifications designed to help your learners succeed. They have been developed in collaboration with over 5,000 universities, employers and professional bodies with **employability at the heart**, so your learners can develop the skills and confidence they will need to step into their future.

Why universities choose BTEC

What's new

Your new BTEC Level 3 Nationals qualifications take a unit-by-unit approach and provide you learners with practical, work-related courses. They offer:

Combination of assessment styles

Learners can demonstrate their knowledge, skills and understanding through work-related contexts. (see page 20 for details).

Large foundation of mandatory units

Universities and employers have evidence of a consistent level of core knowledge and skills.

Comprehensive support

We've listened to feedback and put together our most comprehensive support package yet. (see pages 14–19 for details).

The skills to succeed – the confidence to progress

The route to success

After 30 years of proven success, more and more employers and Higher Education institutions across the globe are choosing BTEC-qualified candidates for their **practical knowledge** and **employability skills**.

More than a million learners choose BTEC each year.

BTEC Level 3 Nationals provide your learners with:

- ① **modern, work-related qualifications** with **clear purpose and defined progression routes** into higher education or employment
- ② **the help they need to develop high-level skills** employers and universities look for such as teamwork, creative thinking and presentation skills
- ③ **the opportunity to build independent research and study skills** essential for success at university and in the work-place.

The skills to succeed – the confidence to progress

“BTEC courses give you real, hands-on experience. It’s what I call ‘learning by doing’ and gives you the skills today’s employers are looking for.”

*Peter Jones CBE,
Entrepreneur*

Did you know...

4 out of 5 BTEC students go on to receive a **First or Second class degree**

(The outcomes associated with the BTEC route of degree level acquisition, London Economics 2013)

37% of businesses prefer recruits to hold a mix of academic and vocational qualifications or value them equally

(Inspiring Growth: Pearson/Skills CBI Skills survey 2015)

Your BTEC Nationals for the creative media sector qualifications explained

BTEC Level 3 Nationals Creative Digital Media Production courses offer a flexible range of qualifications that can be studied alongside other level 3 qualifications such as A levels or other BTEC Nationals as part of a larger programme of study, or as the main focus of study.

- They are designed for post-16 Level 3 learners wishing to go on to further or higher level study of the sector or directly to employment.
- All sizes attract **UCAS points** and are widely recognised by universities and employers.

Creative Digital Media Production

Your BTEC Level 3 creative media qualifications are available in a range of sizes and are either **Applied General** or **Tech level-style** qualifications.

Find out more

The following pages provide you with an overview of each course. For full details or to download your specifications please go to quals.pearson.com/BTECNatsCDM16Guide

Applied General qualifications

For learners progressing to their career through higher level study, although they could go directly into employment at the end of the course. They will have the opportunity to:

- choose between different qualification sizes** so they have the option to study full or part-time or take a BTEC alongside other level 3 qualifications such as A levels
- develop **transferable knowledge and skills**.

Tech Level qualifications

For learners wishing to progress directly to employment or apprenticeships through specialist study, or choose to go on to higher level study. They will have the opportunity to:

- choose between different qualification sizes** so they have the option to study full or part-time or take a BTEC alongside other level 3 qualifications such as A levels
- equip themselves with **specialist knowledge** and skills for their chosen career path
- develop **transferable knowledge and skills**.

The skills to succeed – the confidence to progress

The skills to succeed – the confidence to progress

Plan

We've a bank of support materials designed to help you choose and plan the right course for your learners including:

- Specifications
- Sample Assessment Materials
- Delivery plans
- myBTEC planning tools
- Authorised Assignment Briefs
- Getting Ready to Teach free events

Teach

You'll also find a wide range of teaching and learning materials to help you deliver your course such as:

- Delivery guides
- Schemes of work
- Skills for Learning and Work Activity Sheets
- Training events
- Published resources

Assess and Track

There's also a selection of resources designed to help you prepare for assessment and track learner progress:

- Sample Assessment Materials
- Sample Marked Learner Work
- Authorised Assignment Briefs
- Quality Assurance guides
- myBTEC progress tracking

Find out more

- See page 19 for full details about free training events
- Download your specifications at: quals.pearson.com/BTECNatsCDM16Guide
- Order your revision guides at www.pearsonfe.co.uk/BTECNatsCDM16Guide

myBTEC

We know that as a teacher workload can be an issue, that's why to help you save time we have designed myBTEC, a unique free service that aims to reduce your admin workload.

What myBTEC can do for you:

- ⦿ **Saves you time** – for example when Internally Verifying an assignment brief, at least 50% of the questions are answered for you
- ⦿ **Reduces your workload** –for example your assessment plan is produced automatically from your assignment briefs in myBTEC
- ⦿ **Automatic grade tracking calculations**, so you know your students are on track
- ⦿ **Easily export and download all documents**, information and results
- ⦿ **Give you the complete visibility of all courses**, of all courses, assessment, internal verification and results at your centre, so you can check progress at anytime.

Simply login at mybtec.pearson.com with your Edexcel online details

The skills to succeed – the confidence to progress

Training

We offer a range of events to help you in every aspect of planning, teaching and assessing your BTEC courses.

To make it as easy as possible for you to benefit from our training, many of our **face-to-face** events are available as **online sessions**, and you can request any of our events to be delivered as paid-for events in your centre.

Our programme of events:

- ⦿ make it easy for you to access BTEC training **how, when and where** you need it.
- ⦿ offer **qualification-based** and **role-based** courses so you can choose which event is right for you.
- ⦿ are **delivered by experts** passionate about training.
- ⦿ provide opportunities to **share ideas and best practice**.

What's more, our flexible range of high quality training events not only support your delivery of BTEC courses, but also help towards your **continued professional development**.

Assessment and Grading

Types of assessment

Your BTEC Level 3 Nationals Creative Digital Media Production qualifications take a unit-by-unit approach and offer a combination of assessment styles.

This gives your learners the opportunity to showcase their skills and apply their knowledge in an appropriate, work-related context, and provides evidence of what they can do when they apply to enter higher education or employment.

Assignments (internally assessed)

Set and marked by: Centre
Verified by: Pearson

Assignments are practical tasks set in work-related scenarios that can be tailored to local industry needs for your learners. Learners demonstrate how they apply knowledge and skills to complete a practical project over a period of time, working individually or in groups.

Tasks (externally assessed)

Set and marked by: Pearson

Tasks are practical work-related scenarios completed in realistic, time-based situations. They are completed in controlled conditions and some tasks have pre-released information.

Learners demonstrate how to apply learning to common workplace or HE scenarios. Tasks provide evidence of a consistent standard of assessment for all BTEC learners.

On-screen exam (externally assessed)

Set and marked by: Pearson

On-screen exam including a mix of short and long answer questions and completed in supervised exam conditions.

Learners will have access to unseen media products and will be able to engage with material independently using the on-screen platform.

Grading

A learner's final qualification grade reflects their achievements across units in their BTEC Nationals course.

Both internally and externally assessed units are individually graded, and each final unit grade is allocated points.

- ☉ Internally assessed units are marked and graded in the Centre (school, college or training provider) and subject to external verification by Pearson.
- ☉ Externally assessed units are marked and graded by Pearson.

Units are graded Pass, Merit or Distinction, with external units also having a N grade in most Level 3 sectors. Total points scored across all units are used to calculate the final qualification grade.

	GLH	Type (Int/Ext)	Grade	Unit points
Unit 1	90	Int	Distinction	24
Unit 2	90	Ext	Merit	22
Totals	180		D	46

Achievement of a Certificate with a D grade example
