

# Level 3 qualifications funding guide

## For 16-19 year olds in England

- The information on this list applies to 16-19 study programme funding. This will not be reflected on the [find a learning aim database](#) as the database is only updated once a year, and we have based this list on what we know so far about the Government's Level 3 Reforms.
- The funding information shown here may not apply for qualifications taken as part of apprenticeships as these are approved for funding in a different way.
- If you need to find the latest funding information for adults for Pearson qualifications please see [adult funding pages](#).
