Introducing the BTEC Level 3 Nationals from 2025 (AAQs)

The BTEC Nationals from 2025 qualifications provide students with meaningful and practical learning experiences across a range of career sectors. They equip students with the applied knowledge, skills and personal attributes they need to enter and thrive in higher education and meet the demands of future employment in our fast-changing world.

BTEC Nationals from 2025 (AAQ) are:

- **Engaging and future-focused** - providing opportunities for students to learn in real, relatable and practical ways and designed to ensure that they develop critical knowledge and transferable skills to navigate the future.
- **Accessible and fair for students, balanced with the demands of progression to the next stage of learning** - the use of the N Grade and our holistic approach to designing assessment criteria means that qualifications are attainable for students whilst ensuring that they have a solid foundation of skills and knowledge, and the confidence to progress.
- **Accepted and supported by universities** - developed in collaboration with educators and universities to ensure students have the right combination of skills and knowledge for success in higher education. Over 100 letters of support from universities.
- **Well supported and straightforward to deliver and administer** - simple structure making unit combination more straightforward; uniformed format of external assessment across subjects to streamline administration; Pearson-Set Assignment Briefs (PSABs) removing the need for centres to plan their own assignments, and wide range of training and support.

What is new?

Preparing students for their future

Our new BTEC Level 3 Nationals from 2025 (AAQ) qualifications are designed with a clear focus on the future.

Our aim is to ensure that students are given every opportunity to develop the new knowledge, skills, attitudes and values they need to navigate and thrive through the uncertainty and to shape their world. We have identified three critical skill areas for the future – *transferable skills, digital skills and sustainability* – and have designed our new BTEC qualifications with these areas at the heart. Join us on the journey as we prepare young people to be the best versions of themselves for the future.

Summary of key similarities and differences

- **Continued vocational approach** to the qualification ensuring practical application and skill development important for progression into higher education.
- **Established and well-recognised grade profiles** inclusive of Pass, Merit and Distinction.
- We've listened to feedback from all parts of the early year's subject community, including higher education. We've used this opportunity of curriculum change to **redesign this qualification so that it reflects the demands of a truly modern and evolving early years environment.**
- **Mandatory content to focus on key areas of early childhood development.**
- **Enhanced content** on keeping children safe.
- **Enhanced opportunities** to apply research and reflective practice skills.
- **Recommended that students are given the opportunity to undertake a work placement whilst enrolled on this course.** The work placement setting should be with children from birth up to eight years and support students with completion of Unit 4: Research and Reflective Practice in an Early Childhood Setting. However, please note that students who do not have the opportunity to complete a work placement can still achieve this unit.
