

# Construction

It is estimated that the UK will need 300,000 new homes a year by the mid-2020s. Despite this growing demand for housing, the number of workers joining the sector has been in decline. As the demand rises for environmentally friendly construction techniques and sustainable practices, individuals with new skills will be required to build the houses of the future.

## Latest qualifications:

BTEC Level 3 Nationals (RQF) qualifications are now available for:

➤ **Construction and the Built Environment**

See next page for details of all BTEC Level 3 Nationals Construction qualifications available as well as what to do if you are currently delivering the QCF versions of these qualifications.

In partnership with **MOBIE** and **George Clarke**

In 2019, Pearson partnered with MOBIE and George Clarke to create four exciting new units for the BTEC Nationals in Construction and the Built Environment (2017). The units focus on modern house-building techniques and career progression routes.
