RE: Letter of recognition to support Pearson qualification inclusion for DfE performance tables

As Professional Body in the Facilities Management sector we recognise the following qualification as suitable for a young person between the ages of 16-19 who is studying full time / part time:

Pearson BTEC Level 2 Extended Certificate in Principles of Working in Facilities Services 601/6942/4

This qualification covers the skills and occupational knowledge needed for entry into the Facilities Services sector. This qualification will place a young person in a favourable position when applying for jobs within our sector, or to progress onto apprenticeship programme such as an Intermediate Apprenticeship in Facilities Services. We support the above qualification for inclusion for the DfE performance tables and give our consent for this support letter to be made publicly available on the Pearson and DfE websites.

We are happy for Pearson to share this letter, if needed, with the Department of Education and publish it on the Pearson website so learners are able to access it.

Yours sincerely

Fraser Talbot
Professional Standards & Education Manager
British Institute of Facilities Management
