Dear David

Re: Letter of recognition to support Pearson qualification inclusion for DfE Performance Tables

As a professional body in the logistics sector we recognise the following qualification as suitable for a young person between the ages of 16-19 who are studying full time/part time:

Pearson BTEC Level 2 Extended Certificate in Principles of Working in Warehousing and Storage (QCF) (601/6918/7)

This qualification covers the skills and knowledge needed for entry into a warehousing operative role within the logistics sector. This qualification will place a young person in a favourable position when applying for jobs within our sector, or to progress onto an apprenticeship programme such as the Intermediate Apprenticeship in Warehousing and Storage.

We support the inclusion of the above qualification for the DfE Performance Tables and give our consent for this support letter to be made publicly available on the Pearson and DfE websites.

Yours Sincerely

Mick Woodward
Professional Development Manager
