PEARSON

Answer ALL questions. Write your answers in the space provided.

Questions in this paper are based on the following family:

Jane and Ravi are married. They have two children, a son, Dominic, who is four years old and Nadine, Ravi's daughter from a previous relationship, who is 15 years old. Jane is pregnant. Ravi's mother, Sadi, lives with them.

1

Dominic is starting primary school. He is not going to the same school as his friends from nursery. Dominic will walk to school every day. Jane's baby is due to be born in the week that Dominic starts his new school.

- (a) From the information given, identify and outline **one** factor that may affect Dominic's **social** development.

(Total for Question 2 = 10 marks)

3 Jane is eight months pregnant. During her previous pregnancy she had high blood pressure and iron deficiency anaemia.

Explain how health services can support Jane during her pregnancy.

(Total for Question 3 = 6 marks)

4

Recently Sadi has felt more tired than usual and is feeling depressed. She has started to gain weight. Jane has persuaded her to go to their GP who carries out tests on Sadi to look for signs of diabetes.

People who have diabetes cannot control their blood sugar levels and this can lead to a chronic illness.

(a) Define the term **chronic illness**.

(2)
