

Functional Skills Maths | Entry 3 | Number | Going To The Doctors 2

Useful Vocabulary

This is a list of vocabulary for this handout.

- Prescription
- Pharmacist
- Antibiotics
- GP Surgery
- Wound Dressing
- A and E
- Prescribe

1. George is a pharmacist.

Last week he completed 270 prescriptions.

He says that $\frac{1}{5}$ of the prescriptions were for antibiotics.

What is the total number of prescriptions that were antibiotics?

2. Julie manages a GP surgery.

She orders 16 boxes of wound dressings.

Wound Dressings 26 per pack

How many wound dressings will she have in total?

3. Lew has been prescribed some tablets.

He needs to take two tablets, four times a day.

There are 30 tablets in the packet.

How many full days of tablets does Lew have?

How many tablets are left?

4. Amil works in A and E at his local hospital.

The hospital keeps a record of how many patients were seen each day.

Monday 237 patients seen

Tuesday 411 patients seen

How many more patients were seen on Tuesday compared to Monday?

5. Richard works in a GP's surgery.

The surgery has 673 patients.

289 of the patients are under 16 years of age.

How many of the patients are over 16 years of age?

A large, empty rounded rectangle with a thin black border, intended for the student to write their answer to the question.

Answers

1. 54
2. 416
3. 3 days and 6 tablets left
4. 174
5. 384
