Link & Summary

Network 1: 31st January 2023

Title: Tackling the 12-mark Evaluation Question

This network will focus on how to structure a response to the 12-mark evaluation questions that students face in Paper 1 and 2. We will discuss best practice in terms of structure while looking at different examples.

We will be live marking sample responses so that you feel comfortable assessing students' work and providing accurate feedback to improve exam performance.
