Feedback on our Pearson Edexcel GCSE 2.0 English Language Qualification

Students engaged with English...

"One of our school priorities is encouraging children to read for pleasure.... if you can look at an extract from something that you're working towards an exam for and then actually go away and want to read that book, that's perfect.... I really enjoyed that."

Straightforward switching...

"I have really enjoyed it and I'm always a bit nervous about starting a new spec and I'm aware that teachers are always nervous because the more you teach a spec the better you get at teaching it. So it's always a little bit of a risk, but because I had three classes doing it, I feel like I've got up to speed with it quite quickly."
