Introduction

The purpose of this exemplification pack is to provide teachers and students with some examples of marked responses to the GCSE German Paper 1, Speaking, and to demonstrate Pearson's approach to marking.

In this pack, you will find a mark scheme, a sample of responses, and an examiner commentary for the two first components of Paper 1, Speaking: Read aloud and Role play at Foundation tier. The recordings can be accessed from the website.

The speaking exemplars for French, German and Spanish were conducted with real students. Please note that due to the timing of publishing these exemplars, students who were recorded had not been taught under the 2024 specification. As such, students have used some vocabulary and grammar outside of the 2024 specification, and this is given equal but not extra credit. This is in accordance with the requirements of the Department for Education's subject content (see more explanation of this below).

Marks awarded in the exemplars are based on a relatively small sample. Whilst they are a good indication of the marks likely to be awarded for different levels, exact marks may differ somewhat when based on standardisation of a whole live series.

The Sample assessment materials which these responses are based on can be found on the Pearson website [here](#).

If you have any enquiries regarding these materials or have any other questions, please contact our subject advisor team on Teachinglanguages@pearson.com.

Marking point in the spotlight

'Equal credit' for use of language outside of the vocabulary and grammar lists

To fulfil tasks, students are only required to use vocabulary and grammar included in the vocabulary and grammar lists of the specification. If they **correctly** use language outside of the vocabulary and grammar lists, they receive the same (but no extra) credit. For example, in **Exemplar A**, the student uses the phrase '...spiele ich Schach' in their answer to the first follow-on question. The word 'Schach' is not on the vocabulary list, but it is credited in the same way as would any word that was on the vocabulary list, e.g. if the student had said '...spiele ich Fußball'.

All **incorrect** language will be treated in the same way, regardless of whether or not it is included in the vocabulary and grammar lists. For example, in **Exemplar E**, the response to Role play bullet point 1 is not rewarded full marks (the student says 'Ich habe der Kopfschmerzen'). This is partly because of the mispronunciation of the non-vocabulary-list word, 'Kopfschmerzen', which makes the meaning unclear. If a word from the vocabulary list had been said unclearly, it would have been treated in the same way.

Overview of exemplars

Task 1 read aloud - Foundation tier (12 marks)

Read aloud	AO3 marks (out of 8)	AO1 marks (out of 4)	Overall mark (out of 12)
Exemplar A	8 marks	4 marks	12 marks
Exemplar B	6 marks	4 marks	10 marks
Exemplar C	5 marks	3 marks	8 marks

Task 2 role play - Foundation tier (10 marks)

Role Play	AO1 marks (out of 10)
Exemplar D	10 marks
Exemplar E	7 marks

Read aloud task (Foundation)

Mark scheme (12 marks)

Part 1 - Read aloud (8 marks)

There is one mark grid to be applied to this task. The mark grid is used to assess the clarity and comprehensibility of pronunciation based on knowledge and understanding of Sound Symbol Correspondences (SSCs). Examiners **must** use the specific ‘Guidance on application of read-aloud mark grid’, exemplification of live assessments issued at standardisation and their professional judgement before deciding on a mark.

Part 1 – Read aloud – Foundation tier

Mark	AO3: Knowledge and accurate application of vocabulary
7–8	Pronunciation is generally clear and comprehensible; lapses in SSCs have little or no impact on the message.
5–6	Pronunciation is sometimes clear and comprehensible; lapses in SSCs occasionally makes the message unclear/difficult to understand immediately.
3–4	Pronunciation is occasionally clear and comprehensible; lapses in SSCs sometimes cause the message to break down.
1–2	Pronunciation is limited in clarity; lapses in SSCs often cause the message to break down.
0	No rewardable material.

Part 2 - Short interaction based on text – Foundation tier (4 marks)

There is one mark grid to be applied to this task. The mark grid is applied once to each response. There is a maximum of 2 marks for each answer. Students are awarded for an appropriate and clearly communicated response to the teacher’s question. Where the response is not relevant or appropriate to the question asked, a mark of 0 should be awarded. Students can only gain a maximum of one mark for a one-word answer. Examiners must use the specific ‘Guidance on application of mark grid’, exemplification of live assessments issued at standardisation and their professional judgement before deciding on a mark.

Mark	AO1: Response to spoken language
2	Response fully communicated.
1	Response partially communicated, some ambiguity.
0	No rewardable communication.

Read aloud

Anna, your German friend, has sent you some information about herself.

Read out the text below to your teacher.

Ich bin fünfzehn Jahre alt.

Normalerweise mache ich viel mit meiner Familie.

Mein Bruder ist fleißig und mag Sport.

Unsere Schwester wohnt jetzt nicht mehr zu Hause.

Jeden Abend essen wir zusammen in der Küche.

- Once you have read the text to your teacher, you must hand this card to them.
- You will then be asked two questions related to what you have read.
- You are expected to say a few words or a short phrase/sentence in response to each question. One-word answers will not be sufficient to gain full marks.

Total marks: 8 out of 8 marks

AO3: Knowledge and accurate application of vocabulary

The pronunciation is generally clear and comprehensible. The candidate pronounces all words clearly. There are no lapses in SSC's and although the ü in 'Küche' is slightly short, this has no impact on the message.

The best-fit approach results in this response being placed in the 7-8 mark band for AO3, knowledge and accurate application of vocabulary. As there is no evidence to put this candidate into the band below, the higher of the two marks (8) has been awarded.

AO3: Knowledge and accurate application of vocabulary

There is some clear and comprehensible pronunciation despite some lapses in SSCs that occasionally make the message unclear. This is particularly the case for words like 'Euro' which was pronounced more like the English version. There were also some lapses with the pronunciation of German vowels. The vowel in 'lieber' was too short and sounded more like 'libber'. The word 'viel' was difficult to understand. It sounded more like 'wiel'. There were also minor lapses with the 'r' sounds in 'Rad' and 'Autofahren' which detracted slightly from the clarity of the message.

The best-fit approach results in this response being placed at the top end of the 5-6 mark band for AO3, knowledge and accurate application of vocabulary, with a mark of 6. This is because overall the pronunciation is closer to being generally rather than occasionally clear.

Paper 1: Speaking in German	Foundation tier FRA5
Task 1: Read aloud	Thematic context: Travel and tourism
Instructions to the teacher	

The candidate should be offered up to 1 minute additional preparation time in the exam room in order to practise the read aloud task out loud. This practice must be recorded. Teachers should not offer any guidance or correction to candidates during this time. When the candidate is ready to begin the test, you should state: 'The test will now begin. Please read the text.'

The candidate should read aloud the following text.

Ich fahre gern Rad.

Ich gehe zu Fuß in die Schule.

Im Winter nehme ich lieber den Bus.

Er kostet nur einen Euro und kommt schnell.

Das ist für die Umwelt viel besser als Autofahren.

Follow-on questions

Once the candidate has read the text aloud, you must take the stimulus material from them. You should then ask the following questions.

Q1. *Wie fährst du gern in die Stadt?*

Q2. *Wie findest du Radfahren im Winter?*

The questions must not be rephrased. If the candidate does not respond, the question may be repeated twice. Where a candidate answers incorrectly, do not repeat the question.

AO3: Knowledge and accurate application of vocabulary

There is some clear and comprehensible pronunciation despite some errors. Some lapses in the SSC's occasionally make the message unclear. This is particularly the case for words like 'Englisch' and 'Universität' which were pronounced more like their English versions. There were also some issues with the pronunciation of German vowels. The vowel in 'lerne' sounded more like 'learne' and the 'u' in 'gut' was very short making the word sound like 'gutt'. The word 'Sprachen' was almost unrecognisable and very difficult to understand. It sounded more like 'Spreechen'. The student consistently pronounced 'ch' as 'sch'. There were also some minor lapses with 'für' and 'und' which detracted slightly from the understanding of the message.

The best-fit approach results in this response being placed at the bottom end of the 5-6 mark band for AO3, knowledge and accurate application of vocabulary, with a mark of 5. The frequent minor errors, added to the major error of 'Spreechen' detracted from the immediate understanding overall.

Role play task (Foundation)

Mark Scheme (10 marks)

There is one mark grid to be applied to this task. The mark grid is applied once to **each individual response to the prompts**. There is a maximum of 2 marks for each of the five prompts on the role-play cards.

Students are awarded for an appropriate and clearly communicated response to the teacher's question. Where the response is not relevant or appropriate to the question asked, a mark of 0 should be awarded.

Students can only gain a maximum of one mark for a one-word answer. Examiners **must** use the specific 'Guidance on application of the mark grid', exemplification of live assessments issued at standardisation and their professional judgement before deciding on a mark.
