(d) Ian is a Head Teacher and finds his role stressful at times.

Explain how increasing levels of stress may affect Ian's physical health.

(4)

*(e) Kaitlyn and Ian earn a high income.

Assess the importance of having a high income for a family's wellbeing.

(8)

(Total for Question 16 = 28 marks)

17 Read the following case study and answer all the questions that follow.

Eva is 76 years of age and lives on her own. She is German and came to live in the United Kingdom 30 years ago. Eva's English is very poor and she rarely leaves her house.

Eva developed a severe chest infection that has left her confused and confined to her bed for two weeks. Alf, a neighbour, has been very supportive and helpful with daily routines such as cooking and cleaning.

As a District Nurse Kaitlyn also visits Eva to see how she is progressing and to ensure she is taking her medication. They often discuss how Eva is feeling emotionally.

- (a) Identify three **physical** characteristics associated with Eva's life stage.

(3)

- (b) Ageing can sometimes affect an individual's self-image.

Define what is meant by **self-image**.

(2)

(c) Eva is receiving a lot of support from her neighbour Alf and from Kaitlyn.

Explain the benefits of receiving support for growth and development.

(4)

(d) Eva's English is very poor.

Discuss how this may have affected her ability to integrate into society.

(6)

(e) Being confined to bed has left Eva feeling very depressed.

Apart from Kaitlyn, identify and describe **one** formal source of support Eva could use to help her feel better.

(4)

*(f) Assess how moving to the United Kingdom may have affected Eva's development.
