

# GCSE History

Student walkthroughs to  
help prepare students for  
this summer's exam series

Created in collaboration with  
Harris Federation

# Student walkthroughs

A series of five pre-recorded student walkthroughs, created in collaboration with Harris Federation.

These recordings are designed to help your students prepare for the summer 2024 exam series. There is one recording for each component: in them, we remind students about the structure and focus of each paper, look in turn at each question and what it's assessing, and share some general revision tips.

[Paper 1 Section A Historic environment](#)

[Paper 1 Section B Thematic study](#)

[Paper 2 British depth study](#)

[Paper 2 Period study](#)

[Paper 3 Modern depth study Section A](#)

[Paper 3 Modern depth study Section B](#)

# Command words and revision tips

To support this series of student walkthroughs, we have created some additional guidance documents:

- a set of documents looking at each command word in turn, explaining what each command word is prompting students to do when answering the question; and
- revision tips covering aspects of the assessment that students can sometimes struggle to get to grips with.
