Introduction

The purpose of this exemplification pack is to provide teachers and students with some examples of marked responses to the GCSE Spanish Paper 1, Speaking, and to demonstrate Pearson's approach to marking.

In this pack, you will find a mark scheme, a sample of responses, and an examiner commentary for the two first components of Paper 1, Speaking: Read aloud and Role play at Higher tier. The recordings can be accessed from the website.

The speaking exemplars for French, German and Spanish were conducted with real students. Please note that due to the timing of publishing these exemplars, students who were recorded had not been taught under the 2024 specification. As such, students have used some vocabulary and grammar outside of the 2024 specification, and this is given equal but not extra credit. This is in accordance with the requirements of the Department for Education's subject content (see more explanation of this below).

Marks awarded in the exemplars are based on a relatively small sample. Whilst they are a good indication of the marks likely to be awarded for different levels, exact marks may differ somewhat when based on standardisation of a whole live series.

The Sample assessment materials which these responses are based on can be found on the Pearson website [here](#).

If you have any enquiries regarding these materials or have any other questions, please contact our subject advisor team on Teachinglanguages@pearson.com.

Marking point in the spotlight

‘Equal credit’ for use of language outside of the vocabulary and grammar lists

To fulfil tasks, students are only required to use vocabulary and grammar included in the vocabulary and grammar lists of the specification. If they **correctly** use language outside of the vocabulary and grammar lists, they receive the same (but no extra) credit. For example, in **Exemplar A**, the student uses the phrase ‘Me gusta nadar en el mar ya que el agua es calor’ to answer the first follow-on question. The verb ‘nadar’ is not on the vocabulary list, but it is credited in the same way as would any word that was on the vocabulary list only, e.g. if the student had said ‘Me gusta bañarme en el mar ya que el agua es calor’.

All **incorrect** language will be treated in the same way, regardless of whether or not it is included in the vocabulary and grammar lists. For example, in **Spanish video exemplar 2**, the phrase ‘me gustaría sería un banco’, ‘banco’ is not on the vocabulary list. It is used incorrectly in the intended context of the student's future plans, contributing to the message breaking down. If a word from the vocabulary list e.g. ‘colegio’ had been used instead, it would have been treated in the same way.

Read aloud task (higher)

Mark scheme (12 marks)

Part 1 - Read aloud (8 marks)

Students will read aloud a short text. There is one mark grid to be applied to this task. The mark grid is used to assess the clarity and comprehensibility of pronunciation based on knowledge and understanding of Sound Symbol Correspondences (SSCs). Examiners **must** use the specific '*Guidance on application of read-aloud mark grid*', exemplification of live assessments issued at standardisation and their professional judgement before deciding on a mark.

Part 1 – Read aloud – Higher tier

Mark	AO3: Knowledge and accurate application of vocabulary
7–8	Pronunciation is consistently clear and comprehensible, any lapses in SSCs have no impact on the message.
5–6	Pronunciation is clear and comprehensible, lapses in SSCs have minimal impact on the message.
3–4	Pronunciation is generally clear and comprehensible; lapses in SSCs have limited impact on the message.
1–2	Pronunciation is sometimes clear and comprehensible; lapses in SSCs occasionally makes the message unclear/difficult to understand immediately.
0	No rewardable material.

Part 2 - Short interaction based on text – Higher tier (4 marks)

Students will answer two short questions based on the text they have read aloud. The mark grid is applied once to each response. There is a maximum of 2 marks for each answer. Students are awarded for an appropriate and clearly communicated response to the teacher's question. Where the response is not relevant or appropriate to the question asked, a mark of 0 should be awarded. Students can only gain a maximum of one mark for a one-word answer. Examiners **must** use the specific '*Guidance on application of mark grid*', exemplification of live assessments issued at standardisation and their professional judgement before deciding on a mark.

Mark	AO1: Response to spoken language
2	Response fully communicated.
1	Response partially communicated, some ambiguity.
0	No rewardable communication.

Rosalía, your aunt, has emailed you with directions to the hotel.

Read out the text below to your teacher.

Hace mucho calor aquí, en África.

Para llegar al hotel, debes coger el autobús desde el aeropuerto.

Nuestra habitación está a la izquierda, en la quinta planta, y tiene vistas maravillosas.

Nos alojamos en un sitio económico con wifi y desayuno incluido, lo que es perfecto porque odio preparar comida.

- Once you have read the text to your teacher, you must hand this card to them.
- You will then be asked two questions related to what you have read.
- You are expected to say a few words or a short phrase/sentence in response to each question. One-word answers will not be sufficient to gain full marks.

AO3: Knowledge and accurate application of vocabulary
<p>Pronunciation is consistently clear and comprehensible. There are minimal, slight lapses with 'autobús' and 'aeropuerto' but these have no impact on the message.</p> <p>The best-fit approach results in this response being placed in the 7-8 mark band for AO3, knowledge and accurate application of vocabulary. As there are no elements of the band below due to consistency in clarity of pronunciation, the candidate was awarded full marks.</p>

AO3: Knowledge and accurate application of vocabulary

Pronunciation is consistently clear and comprehensible despite some lapses in SSCs which have no impact on the message. For example, there is a soft 'h' sound included at times, 'aeropuerto' is pronounced slightly incorrectly and the pronunciation of the word 'wi-fi' is anglicised. The inconsistent pronunciation of the letter 'c' in the words 'hace' and 'habitacion' might cause confusion.

The best-fit approach results in this response being placed in the 7-8 mark band for AO3, knowledge and accurate application of vocabulary; it is closer to the band below due to the minor lapses in SSC and the inconsistent pronunciation of the letter 'c' and so was awarded a mark of 7 rather than 8.
