

**Maths**

**Virtual  
Goody  
Bag**

Learners, teachers and families are at the heart of everything we do at Pearson. Inside this Virtual Goody Bag you will find a variety of free and paid-for resources for both teachers and students to help support teaching and learning.

# The Power of Maths

## The Right Angle podcast

The Right Angle invites topical discussions, debates and insights from a range of thought leaders, award-winning maths educators and facilitators. Our Subject Partner hosts, Mark Heslop and Nicola Woodford-Smith, lead conversations on themes such as the evolution of technology to support learning, student engagement and diversity and inclusion across the education of mathematics.

# Maths Festival: 5–16 July 2021

At the Pearson Maths Virtual Festival, we invited passionate Maths teachers, thought leaders, subject experts, and students to celebrate and explore the power of maths through a series of collaborative discussions and speeches. All the sessions were recorded to allow you to watch them back in your own time.

## > Watch the recordings

Our festival included sessions on the below. Sessions suitable for Primary and Secondary teachers are marked **P/S**. Sessions suitable for Secondary Maths teachers only are marked **S**.
