Getting Ready to Teach events

Each FREE **whole-day** event will be presented by a **practising teacher**, who will look at how the new GCSE Mathematics (9-1) can be delivered in the classroom. In particular, look at teaching strategies and resources for new content to Foundation and Higher tiers, as well as strategies to support lower ability students and build problem solving skills.

Summer term 2015

Three new sets of Extra Assessment Materials (specimen papers)

Support for lower attainers

Getting Ready to Teach toolkit – this will be available for all centres

Teaching guidance for all content

A new one-year scheme of work

More end-of-term tests to support the schemes of work

Autumn term 2015

We'll be launching our exciting new programme of CPD events

Exemplar student answers and exemplification for the Extra Assessment Materials

Secure mock service and support with marking mock papers

Classroom resources mapped to the schemes of work
